

Being a column in which the publisher just "blows off the steam."

By Willard Jones

ALL RICHIE, one of the 11 senior Boy Scouts from a who recently attended a scout outdoor camp at the Mont Boy Scout Ranch in northeast New Mexico, declares his opinion of most dehydrated foods is not too complimentary.

Young Richie, speaking at last week's luncheon meeting of the Hamlin Lions Club on the food which the traveling group packed over 55 miles of mountainous area for several days kept them in fit shape but was not too palatable. Because of the necessity of traveling light, most of their food was dehydrated.

"Dried eggs, potatoes, milk and other foods taste clammy and smell worse," he declared.

"Boy, were we glad to get back to civilization where we could get real ham and eggs and French fried potatoes and steak!" he reported.

WE'VE FOUND, through some 40 years around a newspaper office, that the editor of a paper has his share of ups and downs in dealing with people.

From the White County, Indiana, Times comes a list of the advice, criticism and complaints that plague the life of the average newspaper publisher. Here are a few of them:

"My name was spelled wrong in last week's paper. If you can't do better than that, you can stop sending it."

"When you print this story about my daughter's wedding, use it just like it's written. It's exactly right, so don't change a word."

"I hate farm news. Why clutter up a paper with that stuff?"

"I think your farm page is good, but there's not enough of it."

"If I couldn't write an editorial any better than you do I wouldn't have any at all."

"To operator running the linotype: 'Where does the newspaper come out?'"

"You're lucky you only have to work one day a week."

"Why don't you put out a daily newspaper?"

"Why don't you have more news and not so much advertising?"

"I find the ads as informative as the news and always read them all."

"I've got to cut down on my advertising, Bill. Your wife hasn't been buying much here the past couple of months."

"If there is anything that disgusts me with a paper it's all that drivel about who entertains who. Who cares about society news?"

"How do you get your news?"

"Why do printers get drunk?"

KIRBY CLAYTON, recently named Jones County agent, was an interesting speaker at the Tuesday noon luncheon meeting of Hamlin Lions Club. He talked about the need for America to get out of its state of complacency and self-satisfied feeling that is endangering our liberties.

In citing the importance of every American exercising his right to vote he pointed to the importance of a single vote in many of the major acts of this country.

He said many times a voter's feeling that his vote is unimportant—it won't change anything—is wrong.

One vote in Massachusetts in the colony days was instrumental in naming a representative to the Congress, and his vote was the deciding one that plunged the country into the Revolutionary War, Clayton said.

By only one vote was the state of Texas admitted to the Union; and this same thing was true of California and Oregon.

THERE ARE lots of kinds of gardens, we have observed. But all of us, even the upstairs apartment residents, can have a garden with plantings like these:

Four rows of peas: Presence, preparation, promptness and perseverance.

Three rows of squash: Squash gossip, squash indifference and squash criticism.

Five rows of lettuce: Let us obey rules; let us be true to obligations; let us be faithful to duty; let us be loyal and unselfish; let us love one another.

Three rows of turnips: Turn up at work; turn up with a smile; turn up with determination to make everything worthwhile!

When you find youngsters ambitiously digging in the garden, it usually means a fishing trip is coming up.

NAMED COUNTY FARM BUREAU QUEEN at the county-wide Jones County Farm Bureau meeting held Saturday night, July 19 was Mary Ruth Thorn (above), daughter of Mr. and Mrs. Roy Thorn of Anson. Active in her high school career at Anson, she has completed her freshman year at Texas Technological College at Lubbock. Eleven girls from over the county entered the Queen contest.

## County Riding Club Will Be Organized

Preliminary plans for organizing a Riding Club for Jones County were made Monday evening when about 25 interested men met at the Pied Piper Drive-In to discuss the proposal. The meeting had been called following development of new interest in such an organization in recent weeks.

W. D. (Bill) Adair, long time horseman and promoter, called the session.

O. R. Clark, president of the Fisher County Sheriff's Posse, was present and explained the set-up of their organization, which in recent years has become famous for its performances and sponsoring of junior rodeos.

It was brought out in the Monday evening session that objections to the sheriff's posse name have been voiced, and the Jones County Riding Club was suggested as label for the proposed organization. Objectives were outlined as sportsmanship, horsemanship and citizenship.

A general meeting has been called for next Monday evening at 7:30 o'clock at the Pied Piper Drive-In, according to Mrs. Dickie Ferguson, temporary secretary. All interested persons—men, women and children—are invited to be present. Formal organization of the riding club is proposed at that meeting, when attendants from all over the county are expected.

Advance sales of football season tickets and sales of three-year seat options are planned soon to raise money for the athletic department of Hamlin High School. It is announced this week by Superintendent of Schools C. F. Cook.

Some ready revenue is needed by the department, Cook says. The summer camp expenses and athletic insurance have to be paid before the first football game.

Options on all football seats have expired. The school will offer options for three years at \$3 on grandstand seats. There were 56 people in the community who had options. These option holders will be given first choice on securing new options if purchased before August 18. From August 18 to August 24 seats that have not been optioned previously may be bought.

Season football tickets will be on sale August 25. Adults tickets will be \$5 and children \$3.

Cook says the school needs to sell 200 season tickets. People who buy season tickets will have the choice of seats except those on option.

Regular price for the five home football games is \$6.25 for adults and \$3.75 for children. Therefore, to buy a season ticket the purchaser saves \$1.25 for adults and 75 cents for children on each season ticket.

## Hearing on School Budget Set August 11

Annual hearing of the school budget for the Hamlin Independent School District will be held at the high school Monday evening, August 11 at 7:30 p. m. It is announced this week by members of the board of education.

Outline of the budget for the 1958-59 school year will be given at the meeting. Any taxpayer of the district is invited to attend.

# More Votes Cast Saturday Than Were Polled in 1956

## Heavy Build-Up Of Insects Found In County Areas

Recent checks in several fields of cotton in the Truby, Noodle and Plainview areas, show a tremendous build-up of fleahoppers this week, according to word from County Agent Kirby Clayton.

Infestation counts ranged from 15 to 50 per cent in the Noodle area to 61 to 100 per cent in the Truby area. Plainview and Tuxedo areas had counts ranging from 15 to 25 per cent on fleahoppers. General recommendations is to poison on 15 to 35 per cent infestation counts.

There was also heavy infestation of thrips in most of those fields checked.

Bollworm egg counts were heavy in a few fields checked around Truby, but live bollworm counts were light.

Grain sorghum fields are largely infested with the corn earworm or cotton bollworm now, and when the grain is harvested a heavy migration of bollworm millers into the adjoining cotton fields is expected to result in a heavy bollworm infestation in Jones County in August.

There was a marked reduction in the amount of beneficial insects found in the cotton over the county this week. Farmers are urged to keep check on their cotton and begin the poisoning operations when the infestation count justifies it, Clayton said.

## Hamlin Firemen Go To A&M Short Course

Three members of the Hamlin Volunteer Fire Department returned last week from College Station, where they attended the annual firemen's short course at Texas A. & M. College.

Attending the clinics were Fire Marshal Ed Branscum, and Firemen Bryant Conner and Victor Ortiz.

The city receives a five per cent credit on its insurance rate by virtue of the firemen attending the short course, Fire Chief James Josey points out. He said this credit amounts to several hundred dollars in annual insurance premiums per year.

City of Hamlin at present is enjoying a 15 per cent good fire record credit on insurance premiums.

## RETURN FROM VACATION.

Mr. and Mrs. J. D. Fleckenstein and son, Ronnie, returned over the week-end from a vacation in San Antonio, Houston and Galveston.

BEAT OUT IN SECOND GAME of the Central West Texas Little League baseball eliminations last Thursday evening at Snyder were the Hamlin All-Stars above. After taking their first game last Tuesday evening at Hamlin from the Merkel crew by a thumping 16 to 0 score, the All-Stars lost the second go-round to the Westerners of Abilene by a 3 to 2 score in a hard fought battle. Shown in the picture above are: Front row (left to right)—Spec Cox, Jaylon Finnannon, Kenneth Scott, Gary Ted Jay, Cleone Werner, George Smith and Butch Holland; second row (left to right)—Jimmy Inzer, Van Newberry, Dan Newberry, Mark Smith, Dwayne Bundas, Timmy Ingram, Ronnie Sipe; and in the background are Team Managers R. L. McClung and Mac Fullerton. The team was made up of members of the four Little League teams of Hamlin.

BIG AND LITTLE OF THEIR KIND—Fine registered breeding stock being maintained by J. M. Dowell on the Rufus Herbst place southeast of Hamlin are pictured in the snapshots above. On the left is the big Durac boar, King, that tops the scales at more than 800 pounds; and on the right is the Shetland stallion, Shorty, who is being ridden here by two of Dowell's grandchildren, Connie and Harvey Glen Dowell of McCaulley.

# Fires in Hamlin Area Result From Arson, Officers Assert

## Low Ball Tourney Slated by Hamlin Golfers Labor Day

Golfers of Lakeview Golf Club are planning a low ball partnership city golf tournament for Labor Day, Monday, September 1.

President Joe League reports that the membership golfers will be paired equally, and the tournament will be a 36-hole medal play affair.

It is planned that the lady golfers will prepare a picnic lunch to be served immediately following the tournament play.

First, second and third prizes will be awarded.

The golf course is coming along in fair condition considering the amount of rain in this area the past 60 days. The new Hamlin-to-Royston highway will be of great benefit to golfers in reaching the course on all-weather highways.

The golf club is also planning to start preparation of securing a water line from the city to the golf course, as the Moore Lake water has become so contaminated with salt that it is not suitable to water the greens on the golf course, League reports.

## DePriest School Will Open August 11 with New Faculty Member

Hamlin DePriest Colored School will begin the new term on Monday, August 11, at 8:30 a. m. It is announced this week by E. S. Morgan, principal. Early beginning of the school will permit dismissing for cotton picking later in the fall, it is pointed out.

Morgan is calling the faculty together on Thursday, August 7, for a day workshop. Friday will be used for registration of all high school and grade school students.

Enrollment increase of last year has justified the addition of one new teacher. Morgan stated that he has several applicants for the extra teacher and will make recommendation soon to the administration. This teacher was needed in order to meet the requirement of the state department.

## VISIT SCENIC AREAS.

Mrs. Louis Boyd, accompanied by Mr. and Mrs. Wilson Bright and sons, Joe and James, of Snyder, returned Thursday from a trip that took the group to Yellowstone National Park and Salt Lake City, Utah.

## Suspects Named, But No Arrests Have Been Made

Arson has been indicated in several of the more than 50 grass and trash fires of the past two months, it was pointed out this week by James Josey, Hamlin Volunteer Fire Department chief, and city and county officers, who have been called in to make investigations.

Forty-one fires have been reported in the city limits, and 14 calls made in the rural areas since June 1, Josey says, which is a record for all time.

"That many fires just don't happen," declared a county officer this week. He said that investigations have definitely placed the cause of the fires on deliberate settings. Some suspects have been named, but no arrests have been made, officers said.

It is pointed out by law enforcement officers that arson is a serious offense, and conviction may be punishable by from two to 20 years in prison, with no probation granted.

Chief of Police E. B. (Buddy) Watson has asked The Herald to request that anyone having information about acts of arson will please report to him or to Chief James Josey.

## Birth Certificates for New Students Needed

Each child entering school for the first time this fall will be required to present a birth certificate in order to be registered, it is pointed out by Superintendent of Schools C. F. Cook.

Although it is not required, school authorities encourage that all children be vaccinated for diphtheria, whooping cough, smallpox, polio and typhoid fever. Most schools make the vaccinations a requirement, Cook says. "We feel that a child should have this protection," Cook said, "and if he is inoculated his attendance will improve."

## Clinic on Defoliation Set August 4 at Anson

A clinic on cotton defoliation and mechanical harvesting will be held in the county agent's office at Anson at 8:00 o'clock next Monday evening, August 4, according to word received this week from County Agent Kirby Clayton.

Fred Elliott, cotton work specialist of Texas A. & M. College, will be on hand to bring farmers the latest information on defolating and machine harvesting for better grades.

All farmers, ginners and others interested are urged to attend the clinic.

## Two Run-Offs In Clerk Offices Slated in County

Voters in the 29 voting boxes of Jones County turned out in better-than-average numbers last Saturday to poll a total of 3,379 ballots. This compared with a total of 3,224 votes cast in 1956.

Voting was keen in several races in the county with the three-candidate races for county clerk and district clerk holding top interest on the county level.

Voting for the state officers followed generally the trend over the rest of the state. Yarborough was given a decided majority over Blakley in the U. S. senator race, and Price Daniel led the five-man field for governor.

Tightest race in the Saturday election was in the county clerk's race. W. L. (Poochy) McDonald led his two opponents with 1,184 votes. W. O. McGinnis was second with 1,063; and Arden Beasley polled 1,020 ballots. McDonald and McGinnis will go into a run-off.

A run-off will also be held in the county clerk's race where the incumbent, Gene Spurgin Jr. led Roy Thorn 1,373 to 1,185. W. C. Thompson was third with 743.

Leon Thurman, present district clerk, was given a wide lead in Jones County in his race for the seat in the state Legislature now held by Moyné Kelly of Afton. He led Mike Wash of Stamford by 2,291 to 966 in the county.

State Senator David W. Ratliff, incumbent of Stamford was given a 2,635 to 626 lead over Robert R. Patterson of Snyder.

A complete table of votes in the 29 county boxes is found on page six of today's Herald in the contested races.

Votes in the uncontested races in the county were: Omar Burleson for Congress, 3,370; H. G. Andrews for county judge, 3,360; D. E. White for county treasurer, 3,378; Everett Beaver for county school superintendent, 3,378; Lee McCaleb for county surveyor, 3,387; Bland Harper for county Democratic chairman, 3,369; Roscoe Hood for justice of the peace, Precinct 1, 1,151; Hollis Haynes, for commissioner of Precinct 2, 1,355; J. E. Touchstone, for commissioner, Precinct 4, 626.

## Price Daniel Forces Control County Party

Reports from eight major precinct conventions in Jones County Saturday indicated that pro-Daniel forces will control the Democratic party machinery in the county convention, which will held Saturday at Anson.

Bland Harper, county Democratic chairman, said that four precincts in Anson, two in Hamlin and two in Stamford all went to Daniel forces.

There are 137 delegates allowed at the Jones County convention. Largest number of delegates come from West Stamford with 20, and West Hamlin with 18. Southwest Anson is allowed 15.

## Who's New This Week

Mr. and Mrs. Paul Woods Jr. of Merkel are announcing the birth of a son, Michael Paul, on July 13 in Hendrick Memorial Hospital in Abilene. The youngster weighed seven pounds three ounces. Mrs. Woods is the former Patsy Parker, and maternal grandparents are Mr. and Mrs. Ben Parker of Hamlin.

Only one new citizen has been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. The new arrival is:

A boy for Mr. and Mrs. Kenneth Cary, who arrived July 20, tipped the scales at a heavy eight pounds three and one-half ounces. He will be known as Stephen Lewis.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated August 3, 1928:

After first developments last week in the Tarleton Willingham well west of Hamlin failed to prove as good as first hoped, the test was drilled to 3,111 feet this week, and the well was flowing 1,800 barrels of oil per day Tuesday.

Crop outlook in the Hamlin territory took on a brighter aspect this week following good rains that drenched the area first of the week. Lots of water was caught in the Hamlin West Lake, too.

Mrs. George S. Hall and daughter, Wilma, returned Sunday from Glenrose, where they had been for a month.

Complimenting her niece, Annie Laurie May, whose marriage to Frank Johnson, was solemnized Tuesday evening, Mrs. J. W. Ezell entertained Monday evening at her home on Central Avenue.

Fannie Pearl Magee was hostess to the Delta Handa Bridge Club Thursday afternoon of last week. Attendants were Nadine Morgan, Elsie Withers, Kathryn Packwood, Chattie Walker, May Gay, Thelma Hooper, Evelyn Ballew and Karen Harden.

### TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated July 29, 1938:

Mr. and Mrs. Jess Young and children left last Thursday for California. Their brother, Wetzel Proctor, lives in that state. They will be in Midway City and Seal Beach, California.

G. C. Collum of Dallas has been named band director for Hamlin High School, and prospects are bright for good band and orchestra the coming year, Collum says.

Another four or five inches of rain fell in the community over the week-end to further boost crop prospects.

W. H. Murphree left Sunday for Bethany, Oklahoma, where he will spend several weeks.

Mr. and Mrs. J. H. Windell returned to their home at Granite, Oklahoma, after visiting with their mother, Mrs. L. H. McBride, and family.

Wanda Sebastian returned Sunday from Kermit, where she visited friends. Bernice Allen returned home with her for a visit.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated August 6, 1948, the following news briefs of 10 years ago are reprinted:

Hamlin housewives this week joined a state-wide movement of strike against high meat prices. Using their phones to contact women of the community and urging them not to buy meat until prices are lowered were Mmes. Jack Russell, John Edwards, Brad Rowland, W. L. Fletcher Jr., Harold Bonner, Edward Gardner and Lester Morton.

After more than 38 years in its outmoded quarters, the Hamlin Fire Department is moving this week to new quarters on North Central Avenue, according to Fire Chief T. W. (Mickey) McGuire. Open house is set for Thursday evening in the new quarters.

### FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated August 7, 1953:

City water rates are scheduled to be reduced next week, on August 1, when water from the newly completed Paint Creek Lake east of Stamford is turned into mains at Hamlin. Water use has been restricted here for many months because of a scarcity.

Chief Lee Hastings and City Fire Marshal T. W. (Mickey) McGuire are at College Station this week attending the annual firemen's short course.

### ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated August 1, 1957:

Crops in the area are in critical need of vital rain. Cotton is doing fairly well, but maize is burning badly.

Hamlin's Pony League team last its first regional play-off game to Childress Monday evening at Childress by a 10 to 4 score. The two teams meet again this (Thursday) evening at Hamlin.

## Increased Postal Rates to Be in Effect Friday, to Help Meet Wage Increases

Letters and cards you are so accustomed to mailing to relatives and friends will cost more after tomorrow (Friday).

That day postal rates will increase by an estimated \$500,000,000 a year—and almost half of the boost will go to meet an increase of \$265,000,000 a year in wages of postal workers.

First class letters will cost four cents an ounce, instead of three. Post and postal cards will go from two to three cents. Domestic air mail rates will rise from six to seven cents an ounce, and the cost of air mail post and postal cards will rise from four to five cents.

Other rate increases, which you will not notice unless you do the mailing, will go into effect Friday also.

It will cost more to mail circulars and catalogs, which are third class mail, and books, which are fourth class mail.

Still another rate increase—ap-

plying to newspapers and magazines—will not go into effect until January 1, 1959. The exact rise is difficult to put into figures, for the law requires that it be calculated on a complicated formula of 60 per cent on the advertising portion and 30 per cent on the reading matter, both increases to be spread over the period of the next three years.

One more fact to remember: Next December, postage on unsealed Christmas cards, which go by third class mail, will rise from two to three cents.

### TIPS ON TURKEYS.

The two biggest considerations when using range for turkey production are plenty of shade and clean premises, according to Ben Wormell, extension turkey husbandman. Shade is essential to keeping feed and water consumption and gains high while cleanliness helps eliminate disease and parasite hazards, he adds.

## Demonstrations on Cattle Grub Poisoning Scheduled Friday

There will be a cattle grub control demonstration using the new insecticide Co-Ral (Bayer and ET-57 or trolene), tomorrow (Friday) at the Olin Amerson farm, four miles east of Hamlin, and the Woodrow Johnson farm, one mile east of Anson, at 10:30 a. m., according to announcement made this week by Kirby Clayton, county agent.

Dr. R. O. Drummond, entomologist at the Kerrville Experiment Station, United States Department of Agriculture, will be on hand to give local cattlemen the latest information on the new insecticide for grub control.

Latest results on these insecticides for grub control at Texas A. & M. Experiment Station show a 96 per cent kill of the young grubs while they are in the cow's body before they reach the cow's back.

All farmers and cattlemen of the area are urged to attend one of these demonstrations.

## Grain Storage to Be Topic of Anson Meet

There will be a meeting to discuss grain storage in the county agent's office at Anson at 2:00 p. m. next Thursday, August 7, according to Kirby Clayton, county agent.

William Allen, engineer with the Texas A. & M. Extension Service, will be on hand to bring farmers and other interested personnel up-to-date on the grain storage situation in Texas. He will also furnish information and blueprints on building new storage facilities for the bumper crop of grain sorghum which is expected in Jones County this year.

## MEAT INDUSTRY HAS SE AGRICULTURE EXAMPLE

The March issue of The Reader's Digest features a challenging article entitled, "Let's Set the Farmer Free." Its author is Earl M. Hughes, a successful Illinois grain and livestock farmer, an agricultural economist of note, and a former vice president of the Commodity Credit Corporation, which handles the government's \$8,000,000,000 farm surplus hoard.

Hughes' solution to the farm problem is based on abandonment of "the impossible job of trying to legislate farm income through direct price supports." The government's main job, he believes, should be to help find new uses and markets for farm products, and then to turn farmers loose to produce in response to free market prices. And he cites an actual and outstanding example of how, in a free market, food consumption can be increased and diet upgraded.

Here is what he says: "At the sharp break in the price of beef in 1953 there were howls that Congress should fix prices on beef cattle. But most cattlemen figured that the real answer was to sell more beef to the housewife, not to the government larder. They joined with packers, retailers, farm groups and government in an intensive promotion effort. The house-

wife got a bargain, and we ate our way out of a beef glut. In the past five years beef consumption has jumped from 62 to 85 pounds per person per year. If the government had stepped in to fix prices and control production, we would have had a beef scandal to dwarf the \$500,000,000 potato fiasco of 1947-51 when millions of bushels were given away or destroyed with kerosene. And we'd have a sick beef industry today."

"This isn't theory—it's hard fact. The meat industry has provided us with a blueprint for getting agriculture back on a free enterprise basis of operation—which is the only sound and secure basis.

But, we frankly believe, the cotton farmer will have to change a lot of his practices under a supply and demand regulation of the farm economy. There is a tremendous surplus of cotton. Turned loose as to acreages, many thousands of farmers would have to learn the hard way that they must turn to production of other crops. Without government supports, the price of cotton would slide to new lows without a doubt. Then the farmer would reluctantly decide that it is necessary for him to turn to other crops for his livelihood.

## Buying a Small Car?

Sales of small, economy cars are making a spectacular gain in the U. S. market. Americans will buy 300,000 of the foreign built midsize this year, and 75,000 American built economy cars.

Whether this "volkswagen mood" is a fad, or an actual revolt by the American car buyer is uncertain. Combined sales of all the economy cars still represent only some three and one-half per cent of total U. S. car sales, and this demand is not yet great enough to push Detroit into the small car business on any substantial basis.

If you are planning to turn in your present big American car on a small economy car, there are some things you should be aware of.

You will probably have to sell your old car yourself. A large percentage of foreign cars sales are "clean deals"—no trade-ins and for cash, so don't expect to be able to trade in your recent American make. You may be able to make a deal on your car if it is an older, less expensive model, but if the economy model you want has a waiting list, it won't be possible even here.

You will also find that the price of the small, economy car is fairly well fixed with little room for the dealer to move about in when bargaining with the buyer. Small autos do not generally have a price pack, which is the extra profit margin many dealers in American cars add on to the suggested retail price to give themselves more bargaining room.

There won't be much chance of your import going out-of-date next year, since stability of model design is one of the appealing features of European cars.

## Nuggets of Thought

The day is short and the task is great. It is not incumbent upon thee to complete the whole work, but neither art thou free to neglect it.—Turpin.

Brief is the life of a man, and of uncertain duration is his handiwork, be it ships, houses, government or laws. But the echoes from soul to soul will go on so long as human life lasts.—Morris Raphael Cohen.

Success soon palls. The joyous time is when the breeze first strikes your sails, and the waters rustle under your bows.—Charles Buxton.

Show me the man your honor, and I will show you what kind of man you are, for it shows me what your ideal of manhood is, and what kind of man you long to be.—Thomas Carlyle.

What has not unsalted love achieved for the race?—Mary Baker Eddy.

## Looking for Bugaboos

A knight was going traveling one day, and he thought it wise to provide himself against every emergency. So he put a mousetrap in his pocket, lest he be troubled with mice. He threw a beehive over his shoulder, lest he be pestered with bees. He put a mosquito net in his satchel lest he be annoyed with mosquitoes. And, in the end, he had such a load that he could not carry it.

This is a parable of life. We burden ourselves with so many elements of prevention that the load becomes impossible. We gather up so many difficulties that work becomes a disabling drudgery. The art of life is to find joy in our work, so it may become easy. If our work is hard, it is because there is anxiety and friction.—Through the Looking Glass.

## Editorial of the Week

### THE FORD STORY

Henry Ford's first Model T cars were manufactured with this nation's first major mass production technique. The first Model Ts on the market sold for \$950. In 1909 this was much lower than the cost of other cars, but it still was a lot of money—and the average American family couldn't afford to own one.

Ford continued to perfect his pioneering manufacturing techniques. Year by year he brought out increased worker productivity. He got the Model T down to \$350 by 1918 and to \$295 by 1922. By lowering the cost to the consumer, he boosted volume tremendously.

Ford made thousands of new jobs, and every time he improved the efficiency of his manufacturing technique, he passed along benefits to his workers. Ford workers were the highest paid in industry at the time. They received more when the car sold for \$235 than when it sold for \$950. They couldn't have remained so well paid if the improved productivity constantly engineered by Ford and his managerial staff had not passed along a substantial part of the benefits to the consumers—in lower prices.

The foregoing pretty well tells the story of American progress—why we've all been able to buy more with the fruits of our labors than any other people on earth in oil history... rising productivity in which we've all shared. Each job in the auto industry today requires an investment of approximately \$15,000 for tools, plant and working capital. By unreasonable demands upon the industry by some labor leaders, the flow of investment capital could be drastically retarded, the market for the products gradually smothered, and the great production giants crippled and slowed down permanently.—The Wellington Leader.

## For the best service you ever had

...Stop for service under your neighbor's Humble sign.

Station salesmen are specially trained to give your car the care it needs, and they take a personal interest in each job you give them. Whatever you order—washing, lubrica-

tion, an oil change, battery service, or whatever—you can be sure that the work will be well done.

Shift the care of your car to the shoulders of your neighbor in a Humble uniform. You'll be proud of the way it looks, you'll be pleased with the way it runs.

## Rotary Group to Be Guests at Picnic By Hamlin Lions

Believing the old fellows of the community deserve recognition, members of the Hamlin Lions Club are extending an invitation to members of the Rotary Club and their wives to attend a two-club picnic at the City Park on Tuesday evening, August 26. This announcement was made at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house by President Stan Sheppard. Lions' ladies, of course, also will be invited.

County Agent Kirby Clayton presented the program feature at the Tuesday luncheon meeting. Presented by W. C. Russell, the new agent talked on "Appreciating Our Liberties."

"One of the greatest needs of today in America," Clayton declared, "is for us to get out of our doldrums, complacency, self-satisfied conditions and realize that our liberties are worth fighting for." He went on the say that, with more than 30,000,000 Americans now regularly receiving checks from the government, many look to the government for sustenance. He cited the state of Kentucky, about which it is

## Les Cowan Named Head Coach at Wylie For Coming Season

Les Cowan, son of Mrs. Florence Cowan of Hamlin, and former outstanding football player at McMurry College and the Los Angeles Rams in professional football, recently was named head coach at Wylie High School.

He replaces T. R. Baack Jr., who resigned to become eighth grade coach at South Junior High School in Abilene.

Cowan coached at Rising Star and Knox City High Schools.

Three years ago Cowan was named Class A area coach of the year after guiding his Knox City Greyhounds to an 8-2 record, losing only to Rochester and Rule.

Les is currently attending summer school at McMurry College.

He said if the government suddenly stopped its payments to its people, the state would go bankrupt.

Clayton urged exercising of our initiative, right to vote and vigilance for liberty as formulas for avoiding further slumps into socialism.

Besides Clayton, other guests at the Tuesday luncheon included J. D. Holbrook and Latham Turner of Stamford, J. C. Farmer, Arthur Vernon of Stamford and Gene Westmoreland.

## HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. Kenneth Cary, ob, July 20; Steven Mackey, medical, July 20; Mrs. W. H. Cranford, surgical, July 21; Miller Harmon, medical, July 21; Mrs. A. J. Pearce, medical, July 21; Mrs. Cecil Sellers, medical, July 21; Gary Wells, medical, July 21; Mrs. Joe Orona, medical, July 21; Rebecca Fay

Server, medical, July 22; Mrs. T. C. Gregory, medical, July 22; Edward Lee Green, medical, July 22; Cynthia Westmoreland, medical, July 23; Ethyl Boiven of Sylvester, medical, July 19; Mrs. S. A. Godfrey of Aspermont, medical, July 22; Mrs. Bob Parker, medical, July 22; Mrs. Johnnie Sedberry, medical, July 22; Thomas Smith of Peacock, medical, July 22; Mrs. J. W. Stapler, medical, July 22; Buddy Hodges of Sweetwater, medical, July 23; Becky Harmon, medical, July 23; Roland Welty, medical, July 23; M. D. Brown of Sylvester, medical, July 24; Mrs. Bobby Crowley, medical, July 25; Mrs. A. M. Gray, surgical, July 25; Wesley Nail, surgical, July 25; G. H. Neves of Roby, medical, July 25; Mrs. J. B. Seifres, medical, July 25; Betty June Teague, medical, July 25; Frank Lafler, medical, July 24; G. W. Wilkerson of Roby, medical, July 25; Joe Cowan, medical, July 24; R. D. Harwell, medical, July 25; Vernon Mayfield, medical, July 26; Mrs. Willard Burk of McCauley, medical, July 26; Cynthia Westmoreland, medical, July 26; Johnny Stovall, surgical, July 26.

## Dan Cassle Brings Program at Meet Of Rotary Group

Dan Cassle of Abilene, with the public service department of the West Texas Utilities Company, provided an interesting program at last week's weekly luncheon meeting of Hamlin Rotary Club at the oil mill guest house.

He gave an illustrated talk on relations of employers and employees, discussing the types of people who must be dealt with in the average place of business.

A big sign, placed in the meeting hall before the luncheon, was worded, "My Boss Is Nuts." This is the attitude of many employees nowadays, he said. Seven basic types of individuals have been classified by their normal reactions 80 per cent of the time, as follows: Stubborn, lazy, careless, timid, bold, sensitive and slow.

"Two types of people worry us," declared Cassle, "the pessimist the stubborn one." He gave formulas for handling the various types by personnel leaders.

President John Howard Jr. of the Rotary Club reported a percentage attendance for June of 89 per cent, which rated the Hamlin club eighteenth in the district.

Besides Cassle, other guests at the Wednesday luncheon were Judge Alton Chapman of Amarillo, Aubrey Belew and Travis Chapman of Sweetwater; W. M. Blackburn, Arnold Daugherty and K. K. Francis of Stamford; Marvin Cork of Abilene; John Green Jr. of Galveston; Leon Thurman of Anson; and George Poe of Hamlin.

## C. F. Cook Jr. Writes Article for Magazine

Work of C. F. Cook Jr., son of Superintendent of Schools and Mrs. C. F. Cook of Hamlin, with electronic microscopes with an Eastern concern has been attracting considerable attention, according to releases from the Phillips Electronics Corporation of Oceanport, New Jersey.

Young Cook, who is serving under the civil service division of the U. S. Army Signal Corps, recently had an article published on the subject in the Norelco Reporter, publication of the Phillips concern. He was pictured with one of the elaborated microscopes on the front cover of the magazine.

## BONNERS HAVE GUESTS.

Guests in the home of Mr. and Mrs. Harold Bonner Thursday included Mrs. J. W. Clark, mother of Mrs. Harold Bonner, and Cecil Clark of Sweetwater; Mr. and Mrs. Clyde Clark and children, Joel and Pamela, of Tucuman, New Mexico; Mrs. Clarence Jordan and Scotty of Levelland; Mrs. Lela McLain and Mrs. Melvin Bills and daughters, Jackie and Rosalie, of Wichita Falls; and Mrs. Johnnie Chism of Roby.

## Bobeens Back from State VFW Confab

Mr. and Mrs. J. F. Bobeen of Hamlin, returned several days ago from Beaumont, where they attended the annual convention of the Texas Veterans of Foreign Wars and Auxiliary.

Mrs. Bobeen, who was state chairman for the auxiliary's drive for muscular dystrophy, reported total gifts of \$696.34 at the convention. The auxiliary this year will raise funds for the Sweeney Diabetic Clinic at Gainesville.

Mrs. Bobeen, scrapbook on activities of the VFW and Auxiliary in this district, of which she was president, was awarded second prize in the state contests.

Mark Allen of Abilene is visiting with his grandparents, Mr. and Mrs. John O'Neal, at Hamlin.

## Dickson and Carrier In Run-Off in 91st

Many Hamlin area residents are interested in the outcome of the race for state representative of the 91st District, composed of Fisher, Mitchell and Nolan Counties.

There will be a run-off in the district between Temple Dickson of Sweetwater, who led the voting Saturday, and Max Carrier of Roby, who was second. L. L. Armor of Sweetwater, presently in the office, trailed the three-man field.

The vote by counties follows:

	Armor	Carrier	Dickson
Fisher	170	1,767	325
Mitchell	451	890	1,139
Nolan	391	813	2,140
Totals	1,552	3,470	3,604

**VISIT IN SEVERAL STATES.**  
Mr. and Mrs. Harry Dillard and Betty Dillard returned Sunday from a vacation spent in Arkansas, Louisiana, Arkansas, Mississippi, Tennessee, Missouri and Oklahoma.

**HOWARDS ON VACATION.**  
Mr. and Mrs. C. L. Howard and children are vacationing this week in New Mexico.

**VISIT IN BIG BEND.**  
Mr. and Mrs. J. R. Brown Sr., accompanied by Mr. and Mrs. Joe Rogers of Fort Worth, vacationed recently at Big Bend National Park near Alpine.

Not very many children grow wild if they are home-raised. The easiest way for a pessimist to pep up a party is to stay home.

"WHERE QUALITY REIGNS"

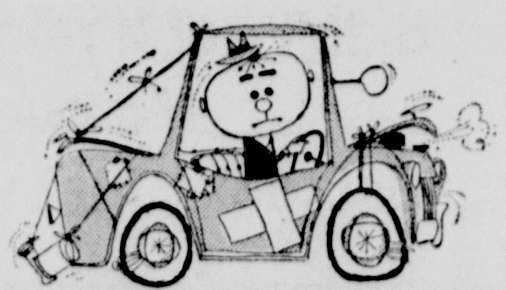

## WHEN'S THE TIME TO BUY A CAR?

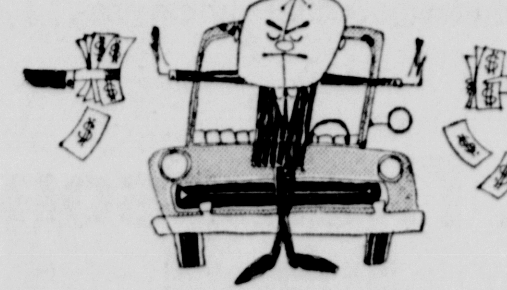

**"WHEN I CAN AFFORD IT!"**  
Tsk, tsk! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced\* of the best-selling three!

**"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS!"**  
Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

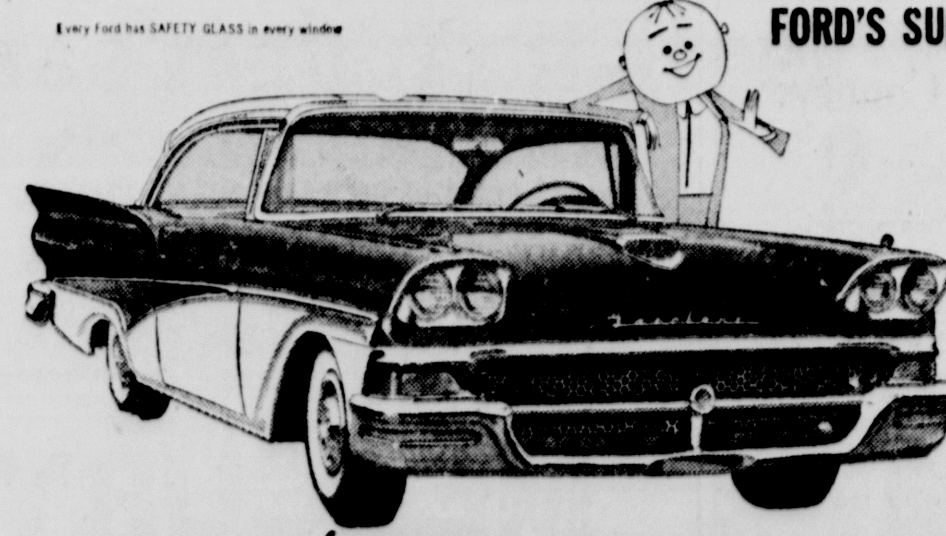

**"WHEN THE OLD CAR'S HAD IT!"**  
But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner of a 58 Ford!

**"WHEN MY PRESENT CAR IS WORTH MORE!"**  
Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money. Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

## WHEN FORD DEALERS ARE GIVING THE YEAR'S BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. What's more, he'll find that Ford is the lowest priced\* of the best-selling three! Why not join him at your Ford Dealers?

\*Based on manufacturers' suggested retail delivered prices

## Engagement of Peggy Briscoe Told at Twilight Tea in Home Friday Evening

Engagement and approaching marriage of Peggy Briscoe to W. H. Hallmark Jr. was announced by her parents, Mr. and Mrs. Floyd Briscoe, Friday evening at a twilight tea in the family home. Guests calling between 6:00 and 8:00 p. m. were greeted by the hostess, Mrs. Floyd C. Briscoe and daughters: her fiancée's mother, Mrs. W. H. Hallmark; Mrs. J. R. Elliott, grandmother of the fiancée; Mrs. C. B. Barth of Rotan and Annie Mae Edmonson of Quanah, sisters of the honoree.

Presiding at the bride's book was Mrs. Jerry Briscoe of Alpine, sister-in-law of the bride-elect. Mary Ann Willbanks and Mrs. John Corley assisted at the refreshment table.

The tea table was laid with a picturesque white satin floor length cover draped with white tulle caught up with pastel blue satin bows centered with miniature bride's bouquets. Centering the table was a white bird cage containing two blue love birds on a swing with wedding bells overhead. An arrangement of white carnations filled the bird cage. Blue streamers fell from the arrangement revealing the date, September 6, and the betrothed couple's names.

The bride-elect will be a January graduate from North Texas State College at Denton and is a member of the Kappa Delta social sorority. Her fiancée is a graduate of Hamlin High School, has served two years in the armed forces, and attended Ranger Junior College.

Others in the house party were Mmes. W. O. Willbanks, Don Hymer, D. W. Cowan, Joe L. League and Elizabeth Norton.

Some 80 guests called from Hamlin, Abilene, Quanah, Rotan and Sweetwater.

## Methodist Women Meet in Cook Home

Members of the Cook Circle of the Woman's Society of Christian Service of the First Methodist Church met with Mrs. C. F. Cook Monday afternoon with seven members present.

Ella Temple opened the meeting with prayer, and Mrs. W. B. Cotton brought the devotion on prayer.

The chairman, Mrs. Cook conducted the business session.

Refreshments were served by the hostess. Next meeting of the group will be August 25 with Mrs. T. T. Brady.

Rubbing elbows with a man will reveal things about him you never suspected. The same is true of rubbing fenders.

## THESE WOMEN!

By d'Alessio

"She won't let me get her taxi anymore, since she learned how to whistle!"

## Judy Simmons, Phylecia Roberts and Margaret Renfro Win in Dress Revue

Judy Simmons of the Anson Junior Leaders Club and daughter of Mr. and Mrs. Woodrow Simmons, was the winner in the senior division of the Jones County 4-H Club dress revue held last Wednesday in the fellowship hall of the Anson First Baptist Church, according to Mary Y. Newberry, Jones County home demonstration agent.

Judy will compete with the other county winners of District 3 at the district dress revue on September 6. The district winner will go to the state revue. Judy was the county winner last year and was a state alternate.

Phylecia Roberts of the Anson 4-H Club was the winner of the 12-13-year-old group. She will model at the district dress revue along with other county winners. She is the daughter of Mr. and Mrs. Howard Roberts of Anson. Cheryl Stephenson and Carolyn Bagley of Anson were second and

third place winners in this group. Margaret Renfro had the highest score for the 9-10-11-year-old group. She is a member of the Hamlin 4-H Club.

Mrs. Howard Roberts gave the welcome at the revue. Sue Cross of Anson presented a piano solo and played while the 20 4-Hers modeled their garments. Judy Simmons was the commentator. Donald Page, manager of the Anson Chamber of Commerce, presented the awards. Refreshments of green punch, green and white mints and cookies were served. More than 125 persons attended.

Twenty-one entered garments for the revue. Others, not mentioned above, were: Beverly Garrett, Janice Fay Huber, Zella Agee, Geneva Green, Josephine Lopez, Lana Bradshaw, Marverine Shuquist, Betty Huffaker, Linda Huber, Rita Coker, Barbara Shuquist, Nelda Putman, Patsy Wade, Martha Garrett, Sandra Garrett and Rita Culwell.

Barbara McAnnelly, home demonstration agent of Haskell County, and Agnes Marrs, agent from Kent County, were judges for the event.

## Demonstration Club Women from Three Counties at Camp

Sixty-six attended the Jones, Haskell and Fisher County Home Demonstration Club women's camp at Lueders at the Baptist encampment grounds last Thursday and Friday.

Mrs. Harry Holt of the Hobby Shop of Abilene was present with an assortment of crafts and gave instruction in doing the different crafts.

The Thursday night activity included recreation and singing. Mrs. Noel Weaver of the Jones County Good Neighbor Club is chairman of the three-county organization. Officers for the camp next year include: Mrs. Noel Weaver, chairman; Mrs. Jerry Maberry of Fisher County, vice chairman; and Mrs. Bill Wiseman of Haskell County, secretary-treasurer.

Mary Y. Newberry, Jones County home demonstration agent; Alice Kemp, agent of Fisher County; and Barbara McAnnelly, home demonstration agent of Haskell County, attended the two-day camp.

## Record Keeping Is Topic at Club Session

Pointers on record keeping were given as program features when members of the Friendship Home Demonstration Club met Friday at the oil mill guest house.

Mrs. H. B. Gardner and Mrs. Sol Branscum gave an interesting program on "Records and Places to Keep Them." Tea and cookies were served to the following attendants: Mmes. H. B. Gardner, R. M. Young, John Hix, Fred Carpenter, E. G. Young, Carl Young, Mary Y. Newberry and Ray Nall by the hostess.

## STORAGE FURNITURE.

If you need more storage space in your home, Charlotte Tompkins, extension home management specialist, suggests "storage furniture" as a possible solution. Storage pieces can be quite decorative as well as useful, she says.

## Mrs. Marvin Carlton Honored Tuesday at Pink and Blue Party

Mrs. Marvin D. Carlton was honored with a pink and blue tea in the home of Mrs. Clyde Grice Tuesday evening from 7:00 to 9:00 o'clock.

Receiving guests were Mrs. Grice, who presented the honoree; her mother, Mrs. Ira Morrow, her sisters-in-law, Mrs. Wayne Morrow and Mrs. Wendell Morrow of Rotan; and her sister, Mrs. Leon Moore of Hamlin.

A white nylon cloth over pink covered the tea table. A pink styrofoam base held an attractive arrangement of pink and white carnations which was offset by the traditional white stork carrying a miniature bundle of joy in his beak. Silver candelabra held white tapers, and other appointments were of crystal.

Mrs. Joe Wayne Carter and Mrs. Loyd Burkhardt presided at the tea table.

Mrs. L. B. Baker played appropriate music during the tea hours. Mrs. Clyde Lewis sang "Irish Lullaby," accompanied on the piano by Mrs. Baker.

Gifts were displayed by Mrs. C. F. Cook, Mrs. Everett Gibson and Mrs. Noel Weaver. Mrs. Johnny Steele registered the guests, and Mrs. LaFoy Patterson said the good-byes.

Hostesses for the occasion were Mmes. Grice, Carter, Burkhardt, Cook, Gibson, Baker, Weaver, Patterson, Steele, Charlie Sellers and A. Spencer.

## Vocational Nurses to Meet at Anson Next

Hamlin members of the Licensed Vocational Nurses Association of Jones County will be among attendants at the August meeting of the group next Tuesday evening at 7:30 in the home of Mrs. Grady Flynt, 1528 Avenue K, in Anson.

Featured speaker for the meeting will be Dr. J. C. Duff of Anson General Hospital.

## Mrs. James Simmons Goes to Dallas Meet

Mrs. James E. Simmons, home-making instructor at Hamlin High School, is due to leave Sunday for Dallas, where she will attend a state meeting of vocational teachers of Texas from Monday through Friday.

Hundreds of vocational teachers from all portions of the state are slated to attend the five-day series of conferences.

"REAL COOL"—Cotton fabrics are used in sports outfit designed by Turner Togs for coolness and comfort. Blouse is Avondale fabric.

## Needlework Projects Provides Fun And Relaxation During Spare Time

These easy aids will help make your needlework projects more fun to do and a relaxing pastime for spare-time hours.

Knit doll garments on round, sharp-pointed toothpicks. These are particularly good for the tiny socks. Or you can use short broken pieces of plastic knitting needles that have been filed and shaped to a point. This type needle also is useful for baby socks and mitts.

French knots can be used in embroidery for flower centers, to make complete small units of a design, or space to give a beaded effect. If you have difficulty in making them well, remember the secret is to keep the thread taut the whole time.

When you bring the thread up through the material at the point where the knot is to be, hold it down with the left thumb. After the twist is made and the thread pushed through to the back, the thumb may be released. Remember, a well made knot lies close to the material.

Before beginning a large crocheted article such as a bedspread or tablecloth, decide whether you will be doing it as pick-up work or if you want to take it everywhere you go.

If you want the latter, then

choose a pattern in which each square or medallion is complete in itself, leaving all to be joined later. Then you will have only a small piece to handle, not a large, bulky bundle of work.

When you begin to make a hooked rug, separate your material into two equal parts. Put one pile aside in a basket, box or carton to be used for the second half of the rug. Then you won't run short because you misjudged and used more than you should for the first part of the work.

When you make a mistake in hooking your rug and must rip out a part, push the end of a strip down through the burlap to the underside and yank cautiously until the loops you put in wrong are safely pulled out.

## First Methodist Youths Host Sub-District Meet

Members of the Methodist Youth Fellowship of the First Methodist Church at Hamlin were hosts for a sub-district MYF meeting Monday evening.

Groups from Rotan, Roby, Longworth and Jayton were entertained by the Hamlin group with a swimming party followed by a picnic supper and watermelon feast at the City Park.

## THANKS

I want to thank every one of you who voted for me in the primary election last Saturday.

Your support is sincerely appreciated.

**W.C. Thompson**

## Thank You . . .

To the People of Jones County:

I wish to express my humble gratitude to each of you for the wonderful support given me in the election Saturday, July 26, and also for the many courtesies shown be throughout my campaign prior to the office of County Clerk. I am deeply grateful to be in the run-off for this office, and I will certainly appreciate any further help or consideration you see fit to give me in the second Primary on August 23.

# Play **SAFEWAY'S "CROSS-OUT" GAME!**

More Than 9,500 Prizes...Worth Over \$95,000!

**It's Free! It's Easy! It's Fun!**

NOTHING TO BUY — JUST COME IN  
AND GET YOUR CARDS AT SAFEWAY

## FOLLOW THESE SIMPLE RULES

1. Pick up your Safeway "Cross-Out" Card today at your Safeway Store — and each time you stop thereafter for the next 12 weeks.
2. Match the numbers on your card against the master numbers. Pencil an X over those numbers on your card that match these numbers.
3. If you can "X-OUT" on your card, five numbers in a row, either down, across or diagonally, you have WON A PRIZE! Just turn over your card and you'll know what you have won.
4. IF YOU HAVE A WINNER — Fill out the required information on the back of the card and mail it to: Cross-Out, Box 551, St. Louis, Missouri. You'll receive your prize in about 15 days.
5. IF YOU HAVEN'T A WINNER THIS WEEK — Erase the X's from your card and save it to play against Safeway's ads next week-end in this paper, and each succeeding ad of the contest.
6. Save this "Cross-Out" ad and every "Cross-Out" ad for the next 11 weeks — a previous "Cross-Out" may have winning numbers for a new card.
7. Any one card and any one ad can be matched to claim a winner but numbers from more than one ad cannot be combined to form a winning card.
8. Cards will be given to adults only.
9. Complete rules and instructions on every "Cross-Out" card.

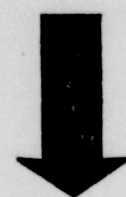

**Free! Prizes Like These**

## HERE'S YOUR FIRST "CROSS-OUT" GAME!

**MATCH THESE NUMBERS AGAINST YOUR  
CROSS-OUT CARD NOW AVAILABLE AT SAFEWAY**

If you have 5 numbers in a row — down, across, or diagonally on your card you have a winning card. Turn card over to see what you have won and mail card as directed. You will receive your prize in a few days.

### Mary Ruth Thorn Named Queen by Farm Bureau Meet

A group of a Jones County Farm Bureau meet highlighted the Queen highlighted members and canning Saturday night, the Anson High School girls entered the Queen and Mary Ruth Thorn, daughter of Mr. and Mrs. Cliff Anson, was selected as 1958 Queen. A graduate of Anson High School, she has completed her freshman year at Texas Technological College. She will represent the Jones County Farm Bureau at the district contest.

Judges for the queen contest were Burnya Mae Moore, associate professor of home economics at Abilene Christian College; Mrs. Catherine Caudley, home economist for Lone Star Gas Company at Abilene; and Garland Boles of the Garland House of Beauty.

Dub Bowls of KRBC-TV at Abilene was master-of-ceremonies. C. E. Gregory, president of the Jones County Farm Bureau, had charge of the candidates who spoke.

### Al Loiry to Preach In Revival Beginning Tomorrow at Hitson

Al Loiry will do the preaching, and Edwin Peoples of Abilene will conduct the music in the annual summer revival at Hitson Baptist Church, five miles northwest of Hamlin, according to Rev. R. A. Guthrie Jr., pastor. The services begin tomorrow (Friday) evening and continue through Sunday, August 10.

Rev. Loiry's pastorates have been the Tuxedo Baptist Church, the First Baptist Church at Putnam and the mission of the First Baptist Church of Asheville, North Carolina. He is a graduate of Hardin-Simmons University and of Southwestern Baptist Theological Seminary at Fort Worth.

Peoples has worked with the people of Hitson on two other occasions during revival meetings. He is youth director for Calvary Baptist Church in Abilene.

Schedule for the services follows: Morning services at 11:00 a. m.; prayer service for each age group at 7:30 p. m.; and evening worship service at 8:00.

To do as one would be done by, and to love one's neighbor as one's self, constitute the ideal perfection of utilitarian morality.—J. S. Mill.

### Little Leaguers Drop Second Game To Abilene Crew

After making a sensational start last Tuesday night in the regional Little League play-off with a stinging 16 to 0 defeat of the Merkel baseball crew, Hamlin's All-Star team was dropped from the running by a fast Western All-Star team from Abilene Thursday night at Snyder by a 3 to 2 score.

Cumby got a two-run single in the first inning, and scored James Finley with a fielder's choice in the third while Western's Bill Stroube limited Hamlin to seven hits.

Hamlin's Jimmy Inzer homered in the second with nobody on. In the fourth frame Hamlin's Dan Newberry also banged a home run when nobody was on base again.

Butch Holland, pitching for Hamlin, allow six hits and struck out six men. Stroube gave up seven hits and fanned seven local boys.

Box score on the game follows:

Abilene	Ab.	R.	H.	E.
Bailey, ss.	3	0	0	0
Steed, lf.	2	1	0	0
Finley, 1b.	3	2	1	0
Welch, 3b.	1	0	2	0
Cumby, cf.	2	1	0	0
Kaufman, 2b.	3	1	0	0
Stroube, p.	3	0	0	0
Choute, c.	2	1	0	0
Mayfield, rf.	1	0	0	0
Totals	20	6	3	0

Hamlin	Ab.	R.	H.	E.

Dan Newberry, 1b.	3	1	1	0
Kenneth Scott, ss.	1	0	0	0
Totals	27	7	2	1

### Senior Boy Scouts Tell Lions Group About Camp Tour

Nine of the 11 Hamlin senior Boy Scouts who recently attended a two-week stretch of outdoor camping at Philmont Boy Scout Ranch in Northeastern New Mexico, and their leader, Weldon Johnson, provided the program feature at the weekly luncheon meeting of Hamlin Lions Club last Tuesday noon at the oil mill guest house.

Johnson gave a resume of the camp, a 127,000-acre ranch that was presented to the Boy Scouts of America in 1949, along with revenue from Phil Tower in Tulsa, Oklahoma, by Arthur Phillips, Oklahoma oil man. More than 13,000 boys from all parts of the nation will have summer camps in the ranch area this year, Johnson said. He traced the ranch's history from the days of the Indians to the present time.

Appearing on the program and presenting various phases of the several days portable camping tour were Ray Johnson Jr., Jerry Smith, Jerry Duncan, Bill Richey, Henry O'Neal, Jimmy Shivers, Bob Johnson, Santana Contreras and John Ferguson.

Besides Weldon Johnson and the senior Boy Scouts, another guest at the luncheon meeting was Gene Spurgin Jr. of Anson.

Johnson pointed out that the Hamlin Lions Club has sponsored a Boy Scout troop in Hamlin for many years.

"Good heavens!" cried Whistler when he saw his mother on her knees washing the floor, "have you gone off your rocker?"

It's true love when he can't help saying silly things that don't sound silly to her.

### 4-H Club Boys of County Go to Camp Near Buffalo Gap

Eleven Jones County 4-H Club boys attended the Extension District 3 boys' camp at Buffalo Gap on Wednesday, Thursday and Friday of last week. The club boys participated in several study courses such as 4-H records, livestock production, first aid and safety, entomology and others. Recreation included washers, baseball, horse-shoes and swimming.

One hundred and eighty 4-H Club members, county agents and adult leaders from the 22-county area representing the district attended the annual affair.

County Agent Kirby Clayton and Adult Leader Woodrow Bagley accompanied the Jones County group. Boys attending were Richie Cox, Jimmy Sasser, Terry Touchstone, Phillip Newsom, Ronnie Bagley, Larry Grimm, Carl Wade, Grady Reed, Johnny Riddle, Gary Caudle and Donnie Spraberry.

MIDLAND VISITORS.

Mr. and Mrs. Charlie Ward and wee son, Dale, of Midland, returned home after spending several days with Mrs. Ward's mother, Mrs. Marjorie Griffin, and Mr. and Mrs. F. M. Crow.

# Thanks Voters

I am most humbly grateful for the fine support given me Saturday by the voters of Jones County in my race for District Clerk.

I want to thank all of the people of Jones County for the many courtesies shown me during the campaign, and I especially want to thank my opponents for the fine spirit of friendship they exhibited.

I will make an effort to contact each voter in the county during the next three weeks.

I am a candidate for the office of District Clerk in the Run-off Primary on August 23, and again I solicit the support of the voters of Jones County.

Sincerely,

## W. O. {Mac} McGINNIS

### "Do I Have to Suffer All My Life Just Because I'm a Woman?"

Not today, women don't have to bear a special cross of agony! Girl or grandma, a special tablet can bring blessed relief from "female miseries!" "Female suffering" need never occur again for most women—not at any age! You can be free from the misery young and old used to dread! With Pinkham's Tablets you can have wonderful relief all through your life! Pinkham's unique formula was developed especially for women's ailments. Includes blood-building iron! In doctors' tests, 3 out of 4 didn't suffer monthly cramps, backaches. Later during change-of-life, "hot flashes" subside. Even after menopause, Pinkham's Tablets help build strength-giving blood! Get amazing Lydia E. Pinkham's Tablets from druggist. Take them daily for the benefits you can get all through your life!

## TO THE VOTERS OF JONES COUNTY . . .

Thanks to each of you for giving me the leading number of votes for District Clerk in last Saturday's election.

Thanks to each of my opponents for a good clean race.

I will try to see each of you personally before the second Primary Election on August 23, but should I fail, please accept this as an earnest solicitation of your vote.

Sincerely,

## W.L. Poochey McDonald

## THANKS TO YOU, FRIENDS . . .

I am humbly grateful for the opportunity to serve the people of the 85th Legislative District of Texas as your Representative.

I want my friends and supporters and worked in my behalf to know they have my heart-felt gratitude. I shall always be grateful for the fine vote I received and the many courtesies shown me during the campaign.

Again I pledge myself to serve you to the very best of my ability.

## LEON THURMAN.

# THANK YOU!

I wish to thank all of the people of Jones County for the fine vote given me in the First Democratic Primary. I am very grateful for all the courtesies shown and the many favors I received during the campaign.

I enjoyed meeting old friends and it was a pleasure to make new friends.

It is my desire to see each of you personally before the Second Primary, but please take this as a personal solicitation of your vote and influence. If you see fit to re-elect me, I will ever be grateful and will continue to serve you in an efficient and courteous manner.

Sincerely,

## Gene Spurgin Jr.

COUNTY CLERK, JONES COUNTY

### VA Teacher to Go to State Meet at Dallas

T. C. Blankinship, vocational agriculture teacher at Hamlin High School, will leave Sunday for Dallas, where he will attend a state meeting of vocational teachers of Texas.

He will be joined by Weldon Holbrook and Brad Rowland of Stamford, Jerald Proctor of Avoca and J. F. Dozier and Larry Dooley of Anson, all VA teachers of the other schools of the county.

The conferences will begin Monday and continue through Friday. Outstanding speakers are scheduled to appear on the five-day series of programs.

## LONE STAR GAS COMPANY

## Final Area Cotton Insect Short Course Shows Record Low Pest Infestations

Final two cotton insect short course meetings of the Hamlin community were combined and held Monday under the supervision of T. C. Blankinship, Hamlin High School vocational agriculture instructor.

Due to the very low count of insects found upon inspection of several local cotton fields, the insect problems did not seem to justify the fourth full meeting. Blankinship said. This fact of no insect worry at present among the group of farmers perhaps was well expressed by one farmer who remarked, "I've been looking up for rain clouds so much lately I haven't had time to look down for cotton bugs."

At Riley Matchett's cotton field north of Hamlin, H. A. Turney, A. & M. entomologist, gave useful advice and demonstrations to an interested group of farmers. Matchett furnished his tractor and spray equipment.

Turney told and showed the farmers how to first fill the spray tank completely full of clean water; drive over sufficient area for one acre. Correct gallons of liquid output is easily found by measuring amount of water need-

ed to again completely fill the tank. Then the gallons of tank capacity divided by gallons of output by the spray machine would show the number of acres that could be sprayed with one tank of spray. Then, by following the "Texas Guide for Controlling Cotton Insects" the correct amount of recommended insecticide can be added.

Turney said that spray pressure should be 60 pounds and tractor speed about four to four and one-half miles per hour for best results. Effective spraying can be done when the air is calm and up to not over 12 miles per hour wind.

Dust should not be applied when wind is above five miles per hour. If spraying, four to eight gallons of water is recommended per acre. Water is only the carrier which spreads the poison over the plant in killing insects, and it was pointed out that only a sufficient amount of water is necessary to completely cover the plants. One precaution, however, is that under four gallons per acre may make concentration of poison so high as to injure the cotton plants by slight or serious burns. Turney also gave very important

## "Adam and Eve" Is Epic Film Playing at Drive-In Four Days

Filed in the flesh and glorious Eastman color, "Adam and Eve," which plays four days at the Hamlin Drive-In Theater beginning Saturday, explodes on the motion picture screen in the first true and natural portrayal of man's creation.

Never before has the screen attempted to reveal the creation of man and woman, yet Producer-Director Albert Gout vividly portrays the creation in his full length color production.

You will experience with Adam the first awareness of Eve as a woman.

Artistically treated with love and intelligence, "Adam and Eve" visualizes the creation of the world and its two first human beings. It dares to tell the story of their first living moments and what happens when they eat the forbidden fruit.

Christiane Martel, Miss Universe and Miss France of 1952, one of the world's most beautiful women, portrays the difficult role of Eve with a remarkable insight into a woman's passion, desire and her need for fulfillment.

Starring as Adam is Carlos Baena, who gives an inspired portrayal of the first man and his growing awareness of the delights of nature and Eve.

## Lone Ranger Slated To Appear in Film at Both Hamlin Theaters

The Lone Ranger, who started his entertainment and law enforcement career on radio back in 1933, then became a television pioneer in 1949, makes this his biggest year ever, in commemoration of the twenty-fifth anniversary of "The Lone Ranger" show.

This is the year the famed masked lawman will be seen on the screen of thousands of movie houses all over the nation in the Jack Weather production, "The Lone Ranger and the Lost City of Gold," a full length feature film in Eastman color. The picture plays Thursday and Friday at both the Ferguson and Hamlin Drive-In Theaters.

The entire company was transported by chartered planes to Tucson, Arizona, where for three weeks they filmed the picture against many of the most spectacularly beautiful backgrounds in the great Southwest.

Douglas Kennedy and Charles Watts are featured in the picture assisted by Noreen Nash, Lisa Montell, Ralph Moody, Norman Frederic, John Miljan, Maurice Jara, Bill Henry and Lane Bradford.

PLENTY OF PUNCH is provided your ad in the classified columns.

Being a column in which the publisher just "blows off the steam."

By  
Willard Jones

ALL RICHEY, one of the 11 senior Boy Scouts from a who recently attended a camp at the Boy Scout Ranch in the White Mountains, New Mexico, declares his opinion of most dehydrated foods is not too complimentary.

Young Richey, speaking at last week's luncheon meeting of the Hamlin Lions Club on the food which the traveling group packed over 55 miles of mountainous area for several days kept them in fit shape but was not too palatable. Because of the necessity of traveling light, most of their food was dehydrated.

"Dried eggs, potatoes, milk and other foods taste clammy and smell worse," he declared.

"Boy, were we glad to get back to civilization where we could get real ham and eggs and French fried potatoes and steak!" he reported.

WE'VE FOUND, through some 40 years around a newspaper office, that the editor of a paper has his share of ups and downs in dealing with people.

From the White County, Indiana, Times comes a list of the advice, criticism and complaints that plague the life of the average newspaper publisher. Here are a few of them:

"My name was spelled wrong in last week's paper. If you can't do better than that, you can stop sending it."

"When you print this story about my daughter's wedding, use it just like it's written. It's exactly right, so don't change a word."

"I hate farm news. Why clutter up a paper with that stuff?"

"I think your farm page is good, but there's not enough of it."

"If I couldn't write an editorial any better than you do I wouldn't have any at all."

(To operator running the linotype): "Where does the newspaper come out?"

"You're lucky you only have to work one day a week."

"Why don't you put out a daily newspaper?"

"Why don't you have more news and not so much advertising?"

"I find the ads as informative as the news and always read them all."

"I've got to cut down on my advertising, Bill. Your wife hasn't been buying much here the past couple of months."

"If there is anything that disgusts me with a paper it's all that drivel about who entertains who. Who cares about society news?"

"How do you get your news?"

"Why do printers get drunk?"

KIRBY CLAYTON, recently named Jones County agent, was an interesting speaker at the Tuesday noon luncheon meeting of Hamlin Lions Club. He talked about the need for America to get out of its state of complacency and self-satisfied feeling that is endangering our liberties.

In citing the importance of every American exercising his right to vote he pointed to the importance of a single vote in many of the major acts of this country.

He said many times a voter's feeling that his vote is unimportant—it won't change anything—is wrong.

One vote in Massachusetts in the colony days was instrumental in naming a representative to the Congress, and his vote was the deciding one that plunged the country into the Revolutionary War, Clayton said.

By only one vote was the state of Texas admitted to the Union; and this same thing was true of California and Oregon.

THERE ARE lots of kinds of gardens, we have observed. But all of us, even the upstairs apartment residents, can have a garden with plantings like these:

Four rows of peas: Presence, preparation, promptness and perseverance.

Three rows of squash: Squash gossip, squash indifference and squash criticism.

Five rows of lettuce: Let us obey rules; let us be true to obligations; let us be faithful to duty; let us be loyal and unselfish; let us love one another.

Three rows of turnips: Turn up at work; turn up with a smile; turn up with determination to make everything worthwhile!

When you find youngsters ambitiously digging in the garden, it usually means a fishing trip is coming up.

NAMED COUNTY FARM BUREAU QUEEN at the county-wide Jones County Farm Bureau meeting held Saturday night, July 19 was Mary Ruth Thorn (above), daughter of Mr. and Mrs. Roy Thorn of Anson. Active in her high school career at Anson, she has completed her freshman year at Texas Technological College at Lubbock. Eleven girls from over the county entered the Queen contest.

## County Riding Club Will Be Organized

Preliminary plans for organizing a Riding Club for Jones County were made Monday evening when about 25 interested men met at the Pied Piper Drive-In to discuss the proposal. The meeting had been called following development of new interest in such an organization in recent weeks.

W. D. (Bill) Adair, long time horseman and promoter, called the session.

O. R. Clark, president of the Fisher County Sheriff's Posse, was present and explained the set-up of their organization, which in recent years has become famous for its performances and sponsoring of junior rodeos.

## Advance Football Ticket Sales Will Raise Needed Cash

Advance sales of football season tickets and sales of three-year seat options are planned soon to raise money for the athletic department of Hamlin High School, it is announced this week by Superintendent of Schools C. F. Cook.

Some ready revenue is needed by the department, Cook says. The summer camp expenses and athletic insurance have to be paid before the first football game.

Options on all football seats have expired. The school will offer options for three years at \$3 on grandstand seats. There were 56 people in the community who had options. These option holders will be given first choice on securing new options if purchased before August 18. From August 18 to August 24 seats that have not been optioned previously may be bought.

Season football tickets will be on sale August 25. Adults tickets will be \$5 and children \$3.

Cook says the school needs to sell 200 season tickets. People who buy season tickets will have the choice of seats except those on option.

Regular price for the five home football games is \$6.25 for adults and \$3.75 for children. Therefore, to buy a season ticket the purchaser saves \$1.25 for adults and 75 cents for children on each season ticket.

## Hearing on School Budget Set August 11

Annual hearing of the school budget for the Hamlin Independent School District will be held at the high school Monday evening, August 11 at 7:30 p. m. It is announced this week by members of the board of education.

Outline of the budget for the 1958-59 school year will be given at the meeting. Any taxpayer of the district is invited to attend.

# More Votes Cast Saturday Than Were Polled in 1956

## Heavy Build-Up Of Insects Found In County Areas

Recent checks in several fields of cotton in the Truby, Noodle and Plainview areas, show a tremendous build-up of fleahoppers this week, according to word from County Agent Kirby Clayton.

Infestation counts ranged from 15 to 50 per cent in the Noodle area to 61 to 100 per cent in the Truby area. Plainview and Tuxedo areas had counts ranging from 15 to 25 per cent on fleahoppers. General recommendations is to poison on 15 to 35 per cent infestation counts.

There was also heavy infestation of thrips in most of those fields checked.

Bollworm egg counts were heavy in a few fields checked around Truby, but live bollworm counts were light.

Grain sorghum fields are largely infested with the corn earworm or cotton bollworm now, and when the grain is harvested a heavy migration of bollworm millers into the adjoining cotton fields is expected to result in a heavy bollworm infestation in Jones County in August.

There was a marked reduction in the amount of beneficial insects found in the cotton over the county this week. Farmers are urged to keep check on their cotton and begin the poisoning operations when the infestation count justifies it, Clayton said.

## Hamlin Firemen Go To A&M Short Course

Three members of the Hamlin Volunteer Fire Department returned last week from College Station, where they attended the annual firemen's short course at Texas A. & M. College.

Attending the clinics were Fire Marshal Ed Branscum, and Firemen Bryant Conner and Victor Ortiz.

The city receives a five per cent credit on its insurance rate by virtue of the firemen attending the short course, Fire Chief James Josey points out. He said this credit amounts to several hundred dollars in annual insurance premiums per year.

City of Hamlin at present is enjoying a 15 per cent good fire record credit on insurance premiums.

BIG AND LITTLE OF THEIR KIND—Fine registered breeding stock being maintained by J. M. Dowell on the Rutus Herbst place southeast of Hamlin are pictured in the snapshots above. On the left is the big Duroc boar, King, that tops the scales at more than 800 pounds; and on the right is the Shetland stallion, Shorty, who is being ridden here by two of Dowell's grandchildren, Connie and Harvey Glen Dowell of McCaulley.

## Fires in Hamlin Area Result From Arson, Officers Assert

### Low Ball Tourney Slated by Hamlin Golfers Labor Day

Golfers of Lakeview Golf Club are planning a low ball partnership city golf tournament for Labor Day, Monday, September 1.

President Joe League reports that the membership golfers will be paired equally, and the tournament will be a 36-hole medal play affairs.

It is planned that the lady golfers will prepare a picnic lunch to be served immediately following the tournament play.

First, second and third prizes will be awarded.

The golf course is coming along in fair condition considering the amount of rain in this area the past 60 days. The new Hamlin-to-Royston highway will be of great benefit to golfers in reaching the course on all-weather highways.

The golf club is also planning to start preparation of securing a water line from the city to the golf course, as the Moore Lake water has become so contaminated with salt that it is not suitable to water the greens on the golf course, League reports.

### DePriest School Will Open August 11 with New Faculty Member

Hamlin DePriest Colored School will begin the new term on Monday, August 11, at 8:30 a. m., it is announced this week by E. S. Morgan, principal. Early beginning of the school will permit dismissing for cotton picking later in the fall, it is pointed out.

Morgan is calling the faculty together on Thursday, August 7, for a day workshop. Friday will be used for registration of all high school and grade school students.

Enrollment increase of last year has justified the addition of one new teacher. Morgan stated that he has several applicants for the extra teacher and will make recommendation soon to the administration. This teacher was needed in order to meet the requirement of the state department.

### VISIT SCENIC AREAS.

Mrs. Louis Boyd, accompanied by Mr. and Mrs. Wilson Bright and sons, Joe and James, of Snyder, returned Thursday from a trip that took the group to Yellowstone National Park and Salt Lake City, Utah.

### Suspects Named, But No Arrests Have Been Made

Arson has been indicated in several of the more than 50 grass and trash fires of the past two months, it was pointed out this week by James Josey, Hamlin Volunteer Fire Department chief, and city and county officers, who have been called in to make investigations.

Forty-one fires have been reported in the city limits, and 14 calls made in the rural areas since June 1, Josey says, which is a record for all time.

"That many fires just don't happen," declared a county officer this week. He said that investigations have definitely placed the cause of the fires on deliberate settings. Some suspects have been named, but no arrests have been made, officers said.

It is pointed out by law enforcement officers that arson is a serious offense, and conviction may be punishable by from two to 20 years in prison, with no probation granted.

Chief of Police E. B. (Buddy) Watson has asked The Herald to request that anyone having information about acts of arson will please report to him or to Chief James Josey.

### Birth Certificates for New Students Needed

Each child entering school for the first time this fall will be required to present a birth certificate in order to be registered, it is pointed out by Superintendent of Schools C. F. Cook.

Although it is not required, school authorities encourage that all children be vaccinated for diphtheria, whooping cough, smallpox, polio and typhoid fever. Most schools make the vaccinations a requirement, Cook says. "We feel that a child should have this protection," Cook said, "and if he is inoculated his attendance will improve."

### Clinic on Defoliation Set August 4 at Anson

A clinic on cotton defoliation and mechanical harvesting will be held in the county agent's office at Anson at 8:00 o'clock next Monday evening, August 4, according to word received this week from County Agent Kirby Clayton.

Fred Elliott, cotton work specialist of Texas A. & M. College, will be on hand to bring farmers the latest information on defoliating and machine harvesting for better grades.

All farmers, ginners and others interested are urged to attend the clinic.

### Two Run-Offs In Clerk Offices Slated in County

Voters in the 29 voting boxes of Jones County turned out in better-than-average numbers last Saturday to poll a total of 3,379 ballots. This compared with a total of 3,224 votes cast in 1956.

Voting was keen in several races in the county with the three-candidate races for county clerk and district clerk holding top interest on the county level.

Voting for the state officers followed generally the trend over the rest of the state. Yarborough was given a decided majority over Blakley in the U. S. senator race, and Price Daniel led the five-man field for governor.

Tightest race in the Saturday election was in the county clerk's race. W. L. (Poochy) McDonald led his two opponents with 1,184 votes. W. O. McGinnis was second with 1,063; and Arden Beasley polled 1,020 ballots. McDonald and McGinnis will go into a run-off.

A run-off will also be held in the county clerk's race where the incumbent, Gene Spurgin Jr., led Roy Thorn 1,373 to 1,185. W. C. Thompson was third with 743.

Leon Thurman, present district clerk, was given a wide lead in Jones County in his race for the seat in the state Legislature now held by Moyné Kelly of Afton. He led Mike Wash of Stamford by 2,291 to 966 in the county.

State Senator David W. Ratliff, incumbent, of Stamford was given a 2,635 to 626 lead over Robert R. Patterson of Snyder.

A complete table of votes in the 29 county boxes is found on page six of today's Herald in the contested races.

Votes in the uncontested races in the county were: Omar Burleson for Congress, 3,370; H. G. Andrews for county judge, 3,360; D. E. White for county treasurer, 3,378; Everett Beaver for county school superintendent, 3,378; Lee McCaleb for county surveyor, 3,387; Bland Harper for county Democratic chairman, 3,369; Roscoe Hood for justice of the peace, Precinct 1, 1,151; Hollis Haynes, for commissioner of Precinct 2, 1,355; J. E. Touchstone, for commissioner, Precinct 4, 626.

### Price Daniel Forces Control County Party

Reports from eight major precinct conventions in Jones County Saturday indicated that pro-Daniel forces will control the Democratic party machinery in the county convention, which will held Saturday at Anson.

Blang Harper, county Democratic chairman, said that four precincts in Anson, two in Hamlin and two in Stamford all went to Daniel forces.

There are 137 delegates allowed at the Jones County convention. Largest number of delegates come from West Stamford with 20, and West Hamlin with 18. Southwest Anson is allowed 15.

### Who's New This Week

Mr. and Mrs. Paul Woods Jr. of Merkel are announcing the birth of a son, Michael Paul, on July 13 in Hendrick Memorial Hospital in Abilene. The youngster weighed seven pounds three ounces. Mrs. Woods is the former Patsy Parker, and maternal grandparents are Mr. and Mrs. Ben Parker of Hamlin.

Only one new citizen has been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. The new arrival is:

A boy for Mr. and Mrs. Kenneth Cary, who arrived July 20, tipped the scales at a heavy eight pounds three and one-half ounces. He will be known as Stephen Lewis.

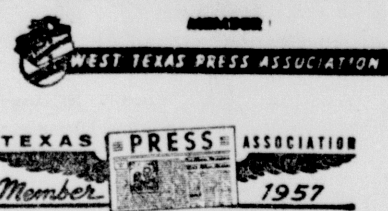

BEAT OUT IN SECOND GAME of the Central West Texas Little League baseball eliminations last Thursday evening at Snyder were the Hamlin All-Stars above. After taking their first game last Tuesday evening at Hamlin from the Merkel crew by a thumping 16 to 0 score, the All-Stars lost the second go-round to the Westerners of Abilene by a 3 to 2 score in a hard fought battle. Shown in the picture above are: Front row (left to right)—Spec Cox, Jaylon Fincannon, Kenneth Scott, Gary Ted Jay, Cleone Werner, George Smith and Butch Holland; second row (left to right)—Jimmy Inzer, Van Newberry, Dan Newberry, Mark Smith, Dwayne Bundas, Timmy Ingram, Ronnie-Sipe; and in the background are Team Managers R. L. McClung and Mac Fullerton. The team was made up of members of the four Little League teams of Hamlin.

## RECALLING Other Years

★ Being news items taken  
from old files of Your  
Home - Town Newspaper,  
The Herald.

### THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated August 3, 1928:

After first developments last week in the Tarlton Willingham well west of Hamlin failed to prove as good as first hoped, the test was drilled to 3,111 feet this week, and the well was flowing 1,800 barrels of oil per day Tuesday.

Crop outlook in the Hamlin territory took on a brighter aspect this week following good rains that drenched the area first of the week. Lots of water was caught in the Hamlin West Lake, too.

Mrs. George S. Hall and daughter, Wilma, returned Sunday from Glenrose, where they had been for a month.

Complimenting her niece, Annie Laurie May, whose marriage to Frank Johnson, was solemnized Tuesday evening, Mrs. J. W. Ezell entertained Monday evening at her home on Central Avenue.

Fannie Pearl Magee was hostess to the Delta Handa Bridge Club Thursday afternoon of last week. Attendees were Nadine Morgan, Elsie Withers, Kathryn Packwood, Chattie Walker, May Gay, Thelma Hooper, Evelyn Ballow and Karen Harden.

### TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated July 29, 1938:

Mr. and Mrs. Jess Young and children left last Thursday for California. Their brother, Wetzel Proctor, lives in that state. They will be in Midway City and Seal Beach, California.

G. C. Collum of Dallas has been named band director for Hamlin High School, and prospects are bright for good band and orchestra the coming year, Collum says.

Another four or five inches of rain fell in the community over the week-end to further boost crop prospects.

W. H. Murphree left Sunday for Bethany, Oklahoma, where he will spend several weeks.

Mr. and Mrs. J. H. Windell returned to their home at Granite, Oklahoma, after visiting with their their, Mrs. L. H. McBride, and family.

Wanda Sebastian returned Sunday from Kermit, where she visited friends. Bernice Allen returned home with her for a visit.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated August 6, 1948, the following news briefs of 10 years ago are reprinted:

Hamlin housewives this week joined a state-wide movement of strike against high meat prices. Using their phones to contact women of the community and urging them not to buy meat until prices are lowered were Mmes. Jack Russell, John Edwards, Brad Rowland, W. L. Fletcher Jr., Harold Bonner, Edward Gardner and Lester Morton.

After more than 38 years in its outmoded quarters, the Hamlin Fire Department is moving this week to new quarters on North Central Avenue, according to Fire Chief T. W. (Mickey) McGuire. Open house is set for Thursday evening in the new quarters.

### FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated August 7, 1953:

City water rates are scheduled to be reduced next week, on August 1, when water from the newly completed Paint Creek Lake east of Stamford is turned into mains at Hamlin. Water use has been restricted here for many months because of a scarcity.

Chief Lee Hastings and City Fire Marshal T. W. (Mickey) McGuire are at College Station this week attending the annual firemen's short course.

### ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated August 1, 1957:

Crops in the area are in critical need of vital rain. Cotton is doing fairly well, but maize is burning badly.

Hamlin's Pony League team last its first regional play-off game to Childress Monday evening at Childress by a 10 to 4 score. The two teams meet again this (Thursday) evening at Hamlin.

## Increased Postal Rates to Be in Effect Friday, to Help Meet Wage Increases

Letters and cards you are so accustomed to mailing to relatives and friends will cost more after tomorrow (Friday).

That day postal rates will increase by an estimated \$500,000,000 a year—and almost half of the boost will go to meet an increase of \$265,000,000 a year in wages of postal workers.

First class letters will cost four cents an ounce, instead of three.

Post and postal cards will go from two to three cents. Domestic air mail rates will rise from six to seven cents an ounce, and the cost of air mail post and postal cards will rise from four to five cents.

Other rate increases, which you will not notice unless you do the mailing, will go into effect Friday also.

It will cost more to mail circulars and catalogs, which are third class mail, and books, which are fourth class mail.

Still another rate increase—ap-

plying to newspapers and magazines—will not go into effect until January 1, 1959. The exact rise is difficult to put into figures, for the law requires that it be calculated on a complicated formula of 60 per cent on the advertising portion and 30 per cent on the reading matter, both increases to be spread over the period of the next three years.

One more fact to remember: Next December, postage on unsealed Christmas cards, which go by third class mail, will rise from two to three cents.

### TIPS ON TURKEYS.

The two biggest considerations when using range for turkey production are plenty of shade and clean premises, according to Ben Wormell, extension turkey husbandman. Shade is essential to keeping feed and water consumption and gains high while cleanliness helps eliminate disease and parasite hazards, he adds.

## Demonstrations on Cattle Grub Poisoning Scheduled Friday

There will be a cattle grub control demonstration using the new insecticide Co-Ral (Bayer and ET-57 or trolene), tomorrow (Friday) at the Olin Amerson farm, four miles east of Hamlin, and the Woodrow Williams farm, one mile east of Anson, at 10:30 a. m., according to announcement made this week by Kirby Clayton, county agent.

Dr. R. O. Drummond, entomologist at the Kerrville Experiment Station, United States Department of Agriculture, will be on hand to give local cattlemen the latest information on the new insecticide for grub control.

Latest results on these insecticides for grub control at Texas A. & M. Experiment Station show a 96 per cent kill of the young grubs while they are in the cow's body before they reach the cow's back.

All farmers and cattlemen of the area are urged to attend one of these demonstrations.

## Grain Storage to Be Topic of Anson Meet

There will be a meeting to discuss grain storage in the county agent's office at Anson at 2:00 p. m. next Thursday, August 7, according to Kirby Clayton, county agent.

William Allen, engineer with the Texas A. & M. Extension Service, will be on hand to bring farmers and other interested personnel up-to-date on the grain storage situation in Texas. He will also furnish information and blueprints on building new storage facilities for the bumper crop of grain sorghum which is expected in Jones County this year.

## MEAT INDUSTRY HAS SE AGRICULTURE EXAMPLE

The March issue of The Reader's Digest features a challenging article entitled, "Let's Set the Farmer Free." Its author is Earl M. Hughes, a successful Illinois grain and livestock farmer, an agricultural economist of note, and a former vice president of the Commodity Credit Corporation, which handles the government's \$8,000,000,000 farm surplus hoard.

Hughes' solution to the farm problem is based on abandonment of "the impossible job of trying to legislate farm income through direct price supports." The government's main job, he believes, should be to help find new uses and markets for farm products, and then to turn farmers loose to produce in response to free market prices. And he cites an actual and outstanding example of how, in a free market, food consumption can be increased and diet upgraded.

Here is what he says: "At the sharp break in the price of beef in 1953 there were howls that Congress should fix prices on beef cattle. But most cattlemen figured that the real answer was to sell more beef to the housewife, not to the government larder. They joined with packers, retailers, farm groups and government in an intensive promotion effort. The house-

wife got a bargain, and we ate our way out of a beef glut. In the past five years beef consumption has jumped from 62 to 85 pounds per person per year. If the government had stepped in to fix prices and control production, we would have had a beef scandal to dwarf the \$500,000,000 potato fiasco of 1947-48 when millions of bushels were given away or destroyed with kerosene. And we'd have a sick beef industry today."

This isn't theory—it's hard fact. The meat industry has provided us with a blueprint for getting agriculture back on a free enterprise basis of operation—which is the only sound and secure basis.

But, we frankly believe, the cotton farmer will have to change a lot of his practices under a supply and demand regulation of the farm economy. There is a tremendous surplus of cotton. Turned loose as to acreages, many thousands of farmers would have to learn the hard way that they must turn to production of other crops. Without government supports, the price of cotton would slide to new lows without a doubt. Then the farmer would reluctantly decide that it is necessary for him to turn to other crops for his livelihood.

## Buying a Small Car?

Sales of small, economy cars are making a spectacular gain in the U. S. market. Americans will buy 300,000 of the foreign built midsize this year, and 75,000 American built economy cars.

Whether this "volkswagen mood" is a fad, or an actual revolt by the American car buyer is uncertain. Combined sales of all the economy cars still represent only some three and one-half per cent of total U. S. car sales, and this demand is not yet great enough to push Detroit into the small car business on any substantial basis.

If you are planning to turn in your present big American car on a small economy car, there are some things you should be aware of.

You will probably have to sell your old car yourself. A large percentage of foreign cars sales are "clean deals"—no trade-ins and for cash, so don't expect to be able to trade in your recent American make. You may be able to make a deal on your car if it is an older, less expensive model, but if the economy model you want has a waiting list, it won't be possible even here.

You will also find that the price of the small, economy car is fairly well fixed with little room for the dealer to move about in when bargaining with the buyer. Small autos do not generally have a price pack, which is the extra profit margin many dealers in American cars add on to the suggested retail price to give themselves more bargaining room.

There won't be much chance of your importing out-of-date next year, since stability of model design is one of the appealing features of European cars.

## Nuggets of Thought

The day is short and the task is great. It is not incumbent upon thee to complete the whole work, but neither art thou free to neglect it.—Tarphan.

Brief is the life of a man, and of uncertain duration is his handiwork, be it ships, houses, government or laws. But the echoes from soul to soul will go on so long as human life lasts.—Morris Raphael Cohen.

Success soon palls. The joyous time is when the breeze first strikes your sails, and the waters rustle under your bows.—Charles Buxton.

Show me the man your honor, and I will show you what kind of man you are, for it shows me what your ideal of manhood is, and what kind of man you long to be.—Thomas Carlyle.

What has not unsold love asked for the race?—Mary Baker Eddy.

## Looking for Bugaboos

A knight was going traveling one day, and he thought it wise to provide himself against every emergency. So he put a mousetrap in his pocket, lest he be troubled with mice. He threw a beehive over his shoulder, lest he be pestered with bees. He put a mosquito net in his satchel lest he be annoyed with mosquitoes. And, in the end, he had such a load that he could not carry it.

This is a parable of life. We burden ourselves with so many elements of prevention that the load becomes impossible. We gather up so many difficulties that work becomes a disabling drudgery. The art of life is to find joy in our work, so it may become easy. If our work is hard, it is because there is anxiety and friction.—Through the Looking Glass.

## Editorial of the Week

### THE FORD STORY

Henry Ford's first Model T cars were manufactured with this nation's first major mass production technique. The first Model Ts on the market sold for \$950. In 1909 this was much lower than the cost of other cars, but it still was a lot of money—and the average American family couldn't afford to own one.

Ford continued to perfect his pioneering manufacturing techniques. Year by year he brought out increased worker productivity. He got the Model T down to \$350 by 1918 and to \$295 by 1922. By lowering the cost to the consumer, he boosted volume tremendously.

Ford made thousands of new jobs, and every time he improved the efficiency of his manufacturing technique, he passed along benefits to his workers. Ford workers were the highest paid in industry at the time. They received more when the car sold for \$295 than when it sold for \$950. They couldn't have remained so well paid if the improved productivity constantly engineered by Ford and his managerial staff had not passed along a substantial part of the benefits to the consumers—in lower prices.

The foregoing pretty well tells the story of American progress—why we've all been able to buy more with the fruits of our labors than any other people on earth in oil history... rising productivity in which we've all shared. Each job in the auto industry today requires an investment of approximately \$15,000 for tools, plant and working capital. By unreasonable demands upon the industry by some labor leaders, the flow of investment capital could be drastically retarded, the market for the products gradually smothered, and the great production giants crippled and slowed down permanently.—The Wellington Leader.

## For the best service you ever had

...Stop for service under your neighbor's Humble sign.

Station salesmen are specially trained to give your car the care it needs, and they take a personal interest in each job you give them. Whatever you order—washing, lubrica-

tion, an oil change, battery service, or whatever—you can be sure that the work will be well done.

Shift the care of your car to the shoulders of your neighbor in a Humble uniform. You'll be proud of the way it looks, you'll be pleased with the way it runs.

### Rotary Group to Be Guests at Picnic By Hamlin Lions

Believing the old fellows of the community deserve recognition, members of the Hamlin Lions Club are extending an invitation to members of the Rotary Club and their wives to attend a two-day picnic at the City Park on Tuesday evening, August 26. This announcement was made at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house by President Stan Sheppard. Lions' ladies, of course, also will be invited.

County Agent Kirby Clayton presented the program feature at the Tuesday luncheon meeting. Presented by W. C. Russell, the new agent talked on "Appreciating Our Liberties."

"One of the greatest needs of today in America," Clayton declared, "is for us to get out of our doldrums, complacency, self-satisfied conditions and realize that our liberties are worth fighting for." He went on the say that, with more than 30,000,000 Americans now regularly receiving checks from the government, many look to the government for sustenance. He cited the state of Kentucky, about which it is

### Les Cowan Named Head Coach at Wylie For Coming Season

Les Cowan, son of Mrs. Florence Cowan of Hamlin, and former outstanding football player at McMurry College and the Los Angeles Rams in professional football, recently was named head coach at Wylie High School.

He replaces T. R. Baack Jr., who resigned to become eighth grade coach at South Junior High School in Abilene.

Cowan coached at Rising Star and Knox City High Schools.

Three years ago Cowan was named Class A area coach of the year after guiding his Knox City Greyhounds to an 8-2 record, losing only to Rochester and Rule.

Les is currently attending summer school at McMurry College.

He said if the government suddenly stopped its payments to its people, the state would go bankrupt.

Clayton urged exercising of our initiative, right to vote and vigilance for liberty as formulas for avoiding further slumps into socialism.

Besides Clayton, other guests at the Tuesday luncheon included J. D. Holbrook and Latham Turner of Stamford, J. C. Farmer, Arthur Vernon of Stamford and Gene Westmoreland.

### HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. Kenneth Cary, ob., July 20; Steven Mackey, medical, July 20; Mrs. W. H. Cranford, surgical, July 21; Miller Harmon, medical, July 21; Mrs. A. J. Pearce, medical, July 21; Mrs. Cecil Sellers, medical, July 21; Gary Wells, medical, July 21; Mrs. Joe Orona, medical, July 21; Rebecca Fay

Server, medical, July 22; Mrs. T. C. Gregory, medical, July 22; Edward Lee Green, medical, July 22; Cynthia Westmoreland, medical, July 23; Ethyl Boiven of Sylvester, medical, July 19; Mrs. S. A. Godfrey of Aspermont, medical, July 22; Mrs. Bob Parker, medical, July 22; Mrs. Johnnie Sedberry, medical, July 22; Thomas Smith of Peacock, medical, July 22; Mrs. J. W. Stapler, medical, July 22; Buddy Hodges of Sweetwater, medical, July 23; Becky Harmon, medical, July 23; Roland Welty, medical, July 23; M. D. Brown of Sylvester, medical, July 24; Mrs. Bobby Crowley, medical, July 25; Mrs. A. M. Gray, surgical, July 25; Wesley Nail, surgical, July 25; G. H. Neves of Roby, medical, July 25; Mrs. J. B. Scifres, medical, July 25; Betty June Teague, medical, July 25; Frank Lafier, medical, July 24; G. W. Wilkerson of Roby, medical, July 25; Joe Cowan, medical, July 24; R. D. Harwell, medical, July 25; Vernon Mayfield, medical, July 26; Mrs. Willard Burk of McCauley, medical, July 26; Cynthia Westmoreland, medical, July 26; Johnny Stovall, surgical, July 26.

### Dan Cassle Brings Program at Meet Of Rotary Group

Dan Cassle of Abilene, with the public service department of the West Texas Utilities Company, provided an interesting program at last week's weekly luncheon meeting of Hamlin Rotary Club at the oil mill guest house.

He gave an illustrated talk on relations of employers and employees, discussing the types of people who must be dealt with in the average place of business.

A big sign, placed in the meeting hall before the luncheon, was worded, "My Boss Is Nuts." This is the attitude of many employees nowadays, he said. Seven basic types of individuals have been classified by their normal reactions 80 per cent of the time, as follows: Stubborn, lazy, careless, timid, bold, sensitive and slow.

"Two types of people worry us," declared Cassle, "the pessimist the stubborn one." He gave formulas for handling the various types by personnel leaders.

President John Howard Jr. of the Rotary Club reported a percentage attendance for June of 89 per cent, which rated the Hamlin club eighteenth in the district.

Besides Cassle, other guests at the Wednesday luncheon were Judge Alton Chapman of Amarillo, Aubrey Belew and Travis Chapman of Sweetwater; W. M. Blackburn, Arnold Daugherty and K. K. Francis of Stamford; Marvin Cork of Abilene; John Green Jr. of Galveston; Leon Thurman of Anson; and George Poe of Hamlin.

### C. F. Cook Jr. Writes Article for Magazine

Work of C. F. Cook Jr., son of Superintendent of Schools and Mrs. C. F. Cook of Hamlin, with electronic microscopes with an Eastern concern has been attracting considerable attention, according to releases from the Phillips Electronics Corporation of Oceanport, New Jersey.

Young Cook, who is serving under the civil service division of the U. S. Army Signal Corps, recently had an article published on the subject in the Norelco Reporter, publication of the Phillips concern. He was pictured with one of the elaborated microscopes on the front cover of the magazine.

### Bobbeens Back from State VFW Confab

Mr. and Mrs. J. F. Bobeen of Hamlin, returned several days ago from Beaumont, where they attended the annual convention of the Texas Veterans of Foreign Wars and Auxiliary.

Mrs. Bobeen, who was state chairman for the auxiliary's drive for muscular dystrophy, reported total gifts of \$896.34 at the convention. The auxiliary this year will raise funds for the Sweeney Diabetic Clinic at Gainesville.

Mrs. Bobeen, scrapbook on activities of the VFW and Auxiliary in this district, of which she was president, was awarded second prize in the state contests.

Mark Allen of Abilene is visiting with his grandparents, Mr. and Mrs. John O'Neal, at Hamlin.

### Dickson and Carriker In Run-Off in 91st

Many Hamlin area residents are interested in the outcome of the race for state representative of the 91st District, composed of Fisher, Mitchell and Nolan Counties.

There will be a run-off in the district between Temple Dickson of Sweetwater, who led the voting Saturday, and Max Carriker of Roby, who was second. L. L. Armor of Sweetwater, presently in the office, trailed the three-man field.

The vote by counties follows:

	Armor	Carriker	Dickson
Fisher	170	1,767	325
Mitchell	451	890	1,139
Nolan	391	813	2,140
Totals	1,552	3,470	3,604

**VISIT IN SEVERAL STATES.**  
Mr. and Mrs. Harry Dillard and Betty Dillard returned Sunday from a vacation spent in Arkansas, Louisiana, Arkansas, Mississippi, Tennessee, Missouri and Oklahoma.

**HOWARDS ON VACATION.**  
Mr. and Mrs. C. L. Howard and children are vacationing this week in New Mexico.

**VISIT IN BIG BEND.**  
Mr. and Mrs. J. R. Brown Sr., accompanied by Mr. and Mrs. Joe Rogers of Fort Worth, vacationed recently at Ruidoso, New Mexico, and in the Big Bend National Park near Alpine.

Not very many children grow wild if they are home-raised. The easiest way for a pessimist to pep up a party is to stay home.

### BONNERS HAVE GUESTS.

Guests in the home of Mr. and Mrs. Harold Bonner Thursday included Mrs. J. W. Clark, mother of Mrs. Harold Bonner, and Cecil Clark of Sweetwater; Mr. and Mrs. Clyde Clark and children, Joel and Pamela, of Tucuman, New Mexico; Mrs. Clarence Jordan and Scotty of Levelland; Mrs. Lela McLain and Mrs. Melvin Bills and daughters, Jackie and Rosalie, of Wichita Falls; and Mrs. Johnnie Chism of Roby.

### WHEN'S THE TIME TO BUY A CAR?

**"WHEN I CAN AFFORD IT!"**

Tsk, tsk! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced\* of the best-selling three!

**"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS!"**

Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

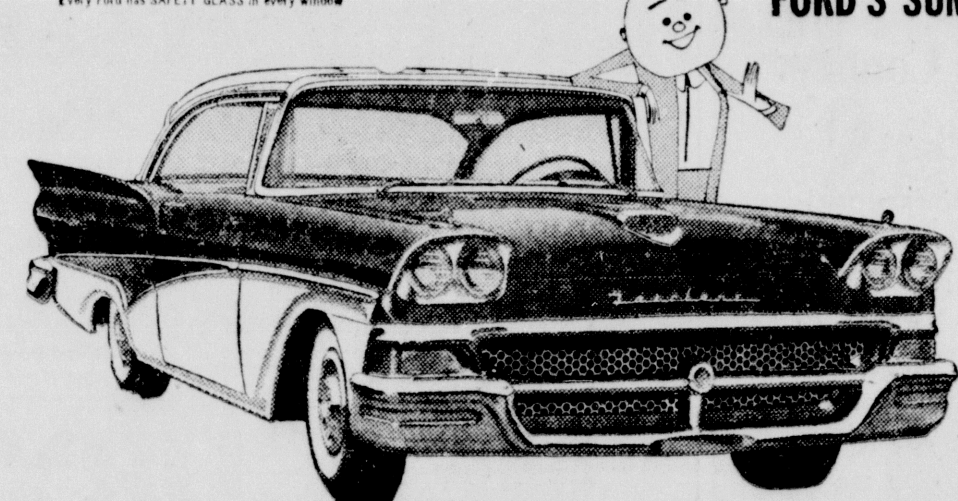

**"WHEN THE OLD CAR'S HAD IT!"**

But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner of a 58 Ford!

**"WHEN MY PRESENT CAR IS WORTH MORE!"**

Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money! Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

### "WHEN FORD DEALERS ARE GIVING THE YEAR'S BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!"

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. What's more, he'll find that Ford is the lowest priced\* of the best-selling three! Why not join him at your Ford Dealers?

\*Based on manufacturers' suggested retail delivered prices

# The Herald's Page for Women

## Engagement of Peggy Briscoe Told at Twilight Tea in Home Friday Evening

Engagement and approaching marriage of Peggy Briscoe to W. H. Hellmark Jr. was announced by her parents, Mr. and Mrs. Floyd Briscoe, Friday evening at a twilight tea in the family home. Guests calling between 6:00 and 8:00 p. m. were greeted by the hostess, Mrs. Floyd C. Briscoe and daughter; her fiancé's mother, Mrs. W. H. Hellmark; Mrs. J. R. Elliott, grandmother of the fiancé; Mrs. C. B. Barth of Rotan and Annie Mae Edmonson of Quanah, aunts of the honoree.

## Methodist Women Meet in Cook Home

Members of the Cook Circle of the Woman's Society of Christian Service of the First Methodist Church met with Mrs. C. F. Cook Monday afternoon with seven members present.

Ella Temple opened the meeting with prayer, and Mrs. W. B. Cotton brought the devotion on prayer.

The chairman, Mrs. Cook conducted the business session. Refreshments were served by the hostess. Next meeting of the group will be August 25 with Mrs. T. T. Brady.

Rubbing elbows with a man will reveal things about him you never suspected. The same is true of rubbing fenders.

For glorious burgers  
**Cheez Whiz'em!**

**KRAFT'S** amazing pasteurized process cheese spread for dozens of fast cheese treats

Mary Ann Willbanks and Mrs. John Corley assisted at the refreshment table.

The tea table was laid with a picturesque white satin floor length cover draped with white tulle caught up with pastel blue satin bows centered with miniature bride's bouquets. Centering the table was a white bird cage containing two blue love birds on a swing with wedding bells overhead. An arrangement of white carnations filled the bird cage. Blue streamers fell from the arrangement revealing the date, September 6, and the betrothed couple's names.

The bride-elect will be a January graduate from North Texas State College at Denton and is a member of the Kappa Delta social sorority. Her fiancé is a graduate of Hamlin High School, has served two years in the armed forces, and attended Ranger Junior College.

Others in the house party were Mmes. W. O. Willbanks, Don Hymer, D. W. Cowan, Joe L. League and Elizabeth Norton.

Some 80 guests called from Hamlin, Abilene, Quanah, Rotan and Sweetwater.

## Buying Guide and Pointers Given for Sports Clothes Users

Men's sport shirts, women's street dresses and girls' school or sports dresses take a big share of the clothing dollars in most family budgets. Extension clothing specialists say these three items deserve special attention when you shop, because the many new fabrics, finishes, colors and styles make the job of selection pretty confusing.

Price is not necessarily a guide to quality. Specialists say it pays to look for a label that gives information on fiber content, care needed, color fastness and shrinkage. A sales person whom you know well can give you much helpful information that will assure greater satisfaction and longer wear.

Buying guides and pointers on judging fabrics and finishes, selecting suitable styles, sizes and colors, and information on labels have been prepared by extension clothing specialists.

Three new leaflets, "Buying Sport Shirts," "Buying a Street Dress" and "Buying a Girl's School Dress," are available. Call or write your county home demonstration agent's office for copies.

## THESE WOMEN!

By d'Alessio

"She won't let me get her taxi's anymore, since she learned how to whistle!"

## Judy Simmons, Phylecia Roberts and Margaret Renfro Win in Dress Revue

Judy Simmons of the Anson Junior Leaders Club and daughter of Mr. and Mrs. Woodrow Simmons, was the winner in the senior division of the Jones County 4-H Club dress revue held last Wednesday in the fellowship hall of the Anson First Baptist Church, according to Mary Y. Newberry, Jones County home demonstration agent.

Judy will compete with the other county winners of District 3 at the district dress revue on September 6. The district winner will go to the state revue. Judy was the county winner last year and was a state alternate.

Phylecia Roberts of the Anson 4-H Club was the winner of the 12-13-year-old group. She will model at the district dress revue along with other county winners. She is the daughter of Mr. and Mrs. Howard Roberts of Anson. Cheryl Stephenson and Carolyn Baglye of Anson were second and

third place winners in this group. Margaret Renfro had the highest score for the 9-10-11-year-old group. She is a member of the Hamlin 4-H Club.

Mrs. Howard Roberts gave the welcome at the revue. Sue Cross of Anson presented a piano solo and played while the 20 4-Hers modeled their garments. Judy Simmons was the commentator. Donald Page, manager of the Anson Chamber of Commerce, presented the awards. Refreshments of green punch, green and white mints and cookies were served. More than 125 persons attended.

Twenty-one entered garments for the revue. Others, not mentioned above, were: Beverly Garrett, Janice Fay Huber, Zella Agee, Geneva Green, Josephine Lopez, Lana Bradshaw, Marverine Shuquist, Betty Huffaker, Linda Huber, Rita Coker, Barbara Shuquist, Nelda Putman, Patsy Wade, Martha Garrett, Sandra Garrett and Rita Culwell.

Barbara McAnnelly, home demonstration agent of Haskell County, and Agnes Marrs, agent from Kent County, were judges for the event.

## Demonstration Club Women from Three Counties at Camp

Sixty-six attended the Jones, Haskell and Fisher County Home Demonstration Club women's camp at Leuders at the Baptist encampment grounds last Thursday and Friday.

Mrs. Harry Holt of the Hobby Shop of Abilene was present with an assortment of crafts and gave instruction in doing the different crafts.

The Thursday night activity included recreation and singing. Mrs. Noel Weaver of the Jones County Good Neighbor Club is chairman of the three-county organization. Officers for the camp next year include: Mrs. Noel Weaver, chairman; Mrs. Jerry Mauberry of Fisher County, vice chairman; and Mrs. Bill Wiseman of Haskell County, secretary-treasurer.

Mary Y. Newberry, Jones County home demonstration agent; Alice Kemp, agent of Fisher County; and Barbara McAnnelly, home demonstration agent of Haskell, attended the two-day camp.

## Record Keeping Is Topic at Club Session

Pointers on record keeping were given as program features when members of the Friendship Home Demonstration Club met Friday at the oil mill guest house.

Mrs. H. B. Gardner and Mrs. Sol Branscum gave an interesting program on "Records and Places to Keep Them."

Tea and cookies were served to the following attendants: Mmes. H. B. Gardner, R. M. Young, John Hix, Fred Carpenter, E. G. Young, Carl Young, Mary Y. Newberry and Ray Nall by the hostess.

## STORAGE FURNITURE.

If you need more storage space in your home, Charlotte Tompkins, extension home management specialist, suggests "storage furniture" as a possible solution. Storage pieces can be quite decorative as well as useful, she says.

## Mrs. Marvin Carlton Honored Tuesday at Pink and Blue Party

Mrs. Marvin D. Carlton was honored with a pink and blue tea in the home of Mrs. Clyde Grice Tuesday evening from 7:00 to 9:00 o'clock.

Receiving guests were Mrs. Grice, who presented the honoree; her mother, Mrs. Ira Morrow, her sisters-in-law, Mrs. Wayne Morrow and Mrs. Wendell Morrow of Rotan; and her sister, Mrs. Leon Moore of Hamlin.

A white nylon cloth over pink covered the tea table. A pink styrofoam base held an attractive arrangement of pink and white carnations which was offset by the traditional white stork carrying a miniature bundle of joy in his beak. Silver candelabra held white tapers, and other appointments were of crystal.

Mrs. Joe Wayne Carter and Mrs. Loyd Burkhardt presided at the tea table.

Mrs. L. B. Baker played appropriate music during the tea hours. Mrs. Clyde Lewis sang "Irish Lullaby," accompanied on the piano by Mrs. Baker.

Gifts were displayed by Mrs. C. F. Cook, Mrs. Everett Gibson and Mrs. Noel Weaver. Mrs. Johnny Steele registered the guests, and Mrs. LaFoy Patterson said the good-byes.

Hostesses for the occasion were Mmes. Grice, Carter, Burkhardt, Cook, Gibson, Baker, Weaver, Patterson, Steele, Charlie Sellers and A. Spencer.

## Vocational Nurses to Meet at Anson Next

Hamlin members of the Licensed Vocational Nurses Association of Jones County will be among attendants at the August meeting of the group next Tuesday evening at 7:30 in the home of Mrs. Grady Flynt, 1528 Avenue K, in Anson.

Featured speaker for the meeting will be Dr. J. C. Duff of Anson General Hospital.

## Mrs. James Simmons Goes to Dallas Meet

Mrs. James E. Simmons, home-making instructor at Hamlin High School, is due to leave Sunday for Dallas, where she will attend a state meeting of vocational teachers of Texas from Monday through Friday.

Hundreds of vocational teachers from all portions of the state are slated to attend the five-day series of conferences.

'REAL COOL'—Cotton fabrics are used in sports outfit designed by Turner Togs for coolness and comfort. Blouse is Avondale fabric.

## Needlework Projects Provides Fun And Relaxation During Spare Time

These easy aids will help make your needlework projects more fun to do and a relaxing pastime for spare-time hours.

Knit doll garments on round, sharp-pointed toothpicks. These are particularly good for the tiny socks. Or you can use short broken pieces of plastic knitting needles that have been filed and shaped to a point. This type needle also is useful for baby socks and mitts.

French knots can be used in embroidery for flower centers, to make complete small units of a design, or space to give a beaded effect. If you have difficulty in making them well, remember the secret is to keep the thread taut the whole time.

When you bring the thread up through the material at the point where the knot is to be, hold it down with the left thumb. After the twist is made and the thread pushed through to the back, the thumb may be released. Remember, a well made knot lies close to the material.

Before beginning a large crocheted article such as a bedspread or tablecloth, decide whether you will be doing it as pick-up work or if you want to take it everywhere you go.

If you want the latter, then

choose a pattern in which each square or medallion is complete in itself, leaving all to be joined later. Then you will have only a small piece to handle, not a large, bulky bundle of work.

When you begin to make a hooked rug, separate your material into two equal parts. Put one pile aside in a basket, box or carton to be used for the second half of the rug. Then you won't run short because you misjudged and used more than you should for the first part of the work.

When you make a mistake in hooking your rug and must rip out a part, push the end of a strip down through the burlap to the underside and yank cautiously until the loops you put in wrong are safely pulled out.

## First Methodist Youths Host Sub-District Meet

Members of the Methodist Youth Fellowship of the First Methodist Church at Hamlin were hosts for a sub-district MYF meeting Monday evening.

Groups from Rotan, Roby, Longworth and Jayton were entertained by the Hamlin group with a swimming party followed by a picnic supper and watermelon feast at the City Park.

## THANKS

I want to thank every one of you who voted for me in the primary election last Saturday.

Your support is sincerely appreciated.

**W.C. Thompson**

## Thank You . . .

To the People of Jones County:

I wish to express my humble and sincere gratitude to each of you for the wonderful support given me in the election Saturday, July 26, and also for the many courtesies shown by throughout my campaign for the office of County Clerk. I am deeply grateful to be in the run-off for this office, and I will certainly appreciate any further help or consideration you see fit to give me in the second primary on August 23.

# Play **SAFEWAY'S "CROSS-OUT" GAME!**

More Than 9,500 Prizes...Worth Over \$95,000!

**It's Free! It's Easy! It's Fun!**

NOTHING TO BUY — JUST COME IN  
AND GET YOUR CARDS AT SAFEWAY

## FOLLOW THESE SIMPLE RULES

1. Pick up your Safeway "Cross-Out" Card today at your Safeway Store — and each time you stop thereafter for the next 12 weeks.
2. Match the numbers on your card against the master numbers. Pencil an X over those numbers on your card that match these numbers.
3. If you can "X-OUT" on your card, five numbers in a row, either down, across or diagonally, you have WON A PRIZE! Just turn over your card and you'll know what you have won.
4. IF YOU HAVE A WINNER — Fill out the required information on the back of the card and mail it to: Cross-Out, Box 551, St. Louis, Missouri. You'll receive your prize in about 15 days.
5. IF YOU HAVEN'T A WINNER THIS WEEK — Erase the X's from your card and save it to play against Safeway's ads next week-end in this paper, and each succeeding ad of the contest.
6. Save this "Cross-Out" ad and every "Cross-Out" ad for the next 11 weeks — a previous "Cross-Out" may have winning numbers for a new card.
7. Any one card and any one ad can be matched to claim a winner but numbers from more than one ad cannot be combined to form a winning card.
8. Cards will be given to adults only.
9. Complete rules and instructions on every "Cross-Out" card.

**Free! Prizes Like These**

## HERE'S YOUR FIRST "CROSS-OUT" GAME!

MATCH THESE NUMBERS AGAINST YOUR  
CROSS-OUT CARD NOW AVAILABLE AT SAFEWAY

If you have 5 numbers in a row — down, across, or diagonally on your card you have a winning card. Turn card over to see what you have won and mail card as directed. You will receive your prize in a few days.

3766, 3767, 3768, 3769, 3770, 3771, 3772, 3773, 3774, 3775, 3776, 3777, 3778, 3779, 3780, 3781, 3782, 3783, 3784, 3785, 3786, 3787, 3788, 3789, 3790, 3791, 3792, 3793, 3794, 3795, 3796, 3797, 3798, 3799, 3800, 3801, 3802, 3803, 3804, 3805, 3806, 380

## Most Auto Accidents Come on Clear Days

When it is raining . . . foggy . . . or, no matter which . . . Most motor vehicle accidents occurring on the National Highway, occur when it is clear or cloudy. . . . Recently published statistics show that more than 100 fatal auto accidents occur when the weather is clear.

## Leon Thurman Wins Kelly's Seat in State Representative Post

Leon Thurman was elected to the 85th Representative District place over Michael (Mike) Wash of Stamford in voting Saturday. Although Wash carried three of the four counties in the district, Thurman's majority in Jones County overshadowed Wash's lead in the three smaller counties. Thurman is serving as clerk of the district court in Jones County. Wash is a former Stamford High School and University of Texas football star, who is taking a law course.

The 85th District seat is being vacated by Moyne Kelly of Afton, who did not seek reelection. The vote by counties:

County	Thurman	Wash
Dickens	622	556
Jones	2,291	966
King	74	98
Stonewall	523	624
Totals	3,510	2,244

Optimism is more important to business than cash is to buyers.

## KERRY DRAKE

## David Ratliff Carries Eight Counties to Win State Senate Place

State Senator David Ratliff of Stamford retained his seat in the upper state representative body at Austin by a margin of more than 4,000 votes following the election Saturday. He carried eight of the 13 counties in the district, with his opponent, Robert W. Patterson of Snyder carrying seven in the 13-county 24th Senatorial District.

Ratliff had a total of 19,402 votes in his race for reelection. Patterson's total was 15,333.

Ratliff was elected first in 1954 to succeed the late Harley Sadler. Patterson, Snyder lawyer, presently is state legislator from the 90th District.

Votes by counties follow:

County	Ratliff	Patterson
Borden	74	255
Dickens	994	315
Fisher	748	1,330
Garza	327	770
Howard	1,516	3,000
Jones	2,635	626
Kent	397	260
Mitchell	976	1,422
Nolan	2,109	1,579
Scurry	890	3,204
Shackelford	871	224
Stonewall	830	348
Taylor	7,035	2,348
Totals	19,402	15,333

## THANKS, CITIZENS

The City of Hamlin wishes to thank each of you for your willing cooperation in the use of water during the moving of part of the water service line between Stamford and Hamlin. Your cooperation has made it possible for everyone to have sufficient water for all purposes except for irrigation. We would also like to express our appreciation to all who have helped to "pass the word around" during this short restriction period. We hope to have uninterrupted water service for all purposes from now on. Thank you. —City of Hamlin, L. H. McBride, Mayor.

## CARD OF THANKS

We are truly grateful to the good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection. We especially want to thank Dr. E. J. Hawkins and the nurses who were so kind, and the employees of General Crude Oil Company. —Mrs. Ruby M. Moyers and daughter, Mrs. Morris Scott, p.

## Three More Camps For Baptists Will Complete Series

Three District 17 Baptist camps in rapid succession will complete the camp season for the district at Lueders Baptist encampment grounds.

The primary Sunbeam camp for youngsters, six, seven and eight years old will be held August 1, with theme "Exploring God's Wonders."

The Brotherhood camp August 4 will open at 3:00 p. m. and continue through the night service, with a barbecue meal at 5:45 p. m.

The young camp for young people 16 years old and above will begin August 5 at 1:00 p. m. and continue through lunch on August 8.

Mrs. George Graham of Abilene and Mrs. Rodney Dowdy of Rule will be in charge of the Sunbeam day camp. The day will be packed with field trips, treasure hunts by age groups, nature study, mission study, swimming and recreation.

Camp personnel will include Mrs. Richard Allen of Abilene, Mrs. Don Turner of Gorman, Evelyn Hollis of Clyde, Mrs. Odell Raines of Rotan, Mrs. C. L. Thurman of Anson, Mrs. Oscar Dickerson of Aspermont and Mrs. Joe Atchison of Sweetwater.

Principal speakers at the Brotherhood camp will be Dr. C. C. Warren of Charlotte, North Carolina, past president of the Southern Baptist Convention and director of the 30,000 movement; and former U. S. Senator Josh Lee of Norman, Oklahoma, Clifford Leddy of Abilene is district Brotherhood president.

Speakers will include past state Brotherhood president, W. A. Ste-

## City's Sunday School Attendance Drops Below Previous Week

Sunday School attendance at the 12 reporting churches of Hamlin Sunday registered a drop of 11 from the preceding week. The 1,199 total also was 17 less than the year ago total.

Attendance, by churches, for July 27, July 20 and a year ago follows:

Churches	July 27	July 20	Year Ago
No. Cen. Baptist	75	59	68
First Baptist	329	335	366
Oak Gr. Col. Baptist	61	80	60
Mexican Baptist	36	32	43
Ch. of Nazarene	85	84	102
First Methodist	182	184	186
Piousquare Gospel	61	74	67
Faith Methodist	55	34	47
Sunset Baptist	44	53	64
Church of Christ	186	159	129
Calvary Baptist	30	57	54
Assembly of God	55	39	30
Totals	1,199	1,210	1,216

phenson of Abilene; R. M. (Bob) Dickson, Jim Honeycutt, Sherman Driggers, Grady Allison and L. I. Tapscott, who will form a panel; Rev. M. D. Rexrode, Bryan Bradbury, George Graham, Earl G. Rose and Dr. LeRay Fowler.

Rev. Mart Hardin of O'Brien will direct the youth camp. Dr. Fowler will be camp pastor. Dr. A. Hope Owen will speak.

## GETTING RESULTS.

There was a young fellow who was in the habit of standing in front of the courthouse and waving his arms violently. When asked what he was doing he replied, "Can't you see? I'm keeping the tigers away."

"Tigers?" snorted the astounded inquirer. "Why, there isn't a tiger within miles of here!"

"I know, I know," smiled the young man. "My system works, doesn't it?"

A hard task is eased by the application of immediate energy.

## CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

SJR #4—Number Seven on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

Section 1. That Section 54 of Article XVI of the Constitution of the State of Texas, providing that the Legislature may, by law, appropriate money to be expended for the purpose of developing information about the historical, natural, agricultural, industrial, educational, recreational and other resources of the State of Texas, and for the purpose of disseminating such information, be amended to read as follows:

"Section 54. The Legislature may, by law, appropriate money to be expended for the purpose of developing information about the historical, natural, agricultural, industrial, educational, recreational and other resources of the State of Texas, and for the purpose of disseminating such information, be amended to read as follows:

"Section 54. The Legislature may, by law, appropriate money to be expended for the purpose of developing information about the historical, natural, agricultural, industrial, educational, recreational and other resources of the State of Texas, and for the purpose of disseminating such information, be amended to read as follows:

"Section 54. The Legislature may, by law, appropriate money to be expended for the purpose of developing information about the historical, natural, agricultural, industrial, educational, recreational and other resources of the State of Texas, and for the purpose of disseminating such information, be amended to read as follows:

"Section 54. The Legislature may, by law, appropriate money to be expended for the purpose of developing information about the historical, natural, agricultural, industrial, educational, recreational and other resources of the State of Texas, and for the purpose of disseminating such information, be amended to read as follows:

"Section 54. The Legislature may, by law, appropriate money to be expended for the purpose of developing information about the historical, natural, agricultural, industrial, educational, recreational and other resources of the State of Texas, and for the purpose of disseminating such information, be amended to read as follows:

## Mary Ruth Thorn Named Queen by Farm Bureau Meet

of a Jones County Queen highlighted members and canning Saturday night, the Anson High School girls entered the Queen and Mary Ruth Thorn, daughter of Mr. and Mrs. Cliff of Anson, was selected as 1958 Queen. A graduate of Anson High School, she has completed her freshman year at Texas Technological College. She will represent the Jones County Farm Bureau at the district contest.

Judges for the queen contest were Burnys Mae Moore, associate professor of home economics at Abilene Christian College; Mrs. Catherine Caulley, home economist for Lone Star Gas Company at Abilene; and Garland Boles of the Garland House of Beauty. Dub Bowls of KRBC-TV at Abilene was master-of-ceremonies. C. E. Gregory, president of the Jones County Farm Bureau, had charge of the candidates who spoke.

## Al Loiry to Preach In Revival Beginning Tomorrow at Hitson

Al Loiry will do the preaching, and Edwin Peebles of Abilene will conduct the music in the annual summer revival at Hitson Baptist Church, five miles northwest of Hamlin, according to Rev. R. A. Guthrie Jr., pastor. The services begin tomorrow (Friday) evening and continue through Sunday, August 10.

Rev. Loiry's pastorates have been the Tuxedo Baptist Church, the First Baptist Church at Putnam and the mission of the First Baptist Church of Asheville, North Carolina. He is a graduate of Hardin-Simmons University and of Southwestern Baptist Theological Seminary at Fort Worth. Peebles has worked with the people of Hitson on two other occasions during revival meetings. He is youth director for Calvary Baptist Church in Abilene.

Schedule for the services follows: Morning services at 11:00 a. m.; prayer service for each age group at 7:30 p. m.; and evening worship service at 8:00.

To do as one would be done by, and to love one's neighbor as one's self, constitute the ideal perfection of utilitarian morality.—J. S. Mill.

## Little Leaguers Drop Second Game To Abilene Crew

After making a sensational start last Tuesday night in the regional Little League play-off with a stinging 16 to 0 defeat of the Merkel baseball crew, Hamlin's All-Star team was dropped from the running by a fast Western All-Star team from Abilene Thursday night at Snyder by a 3 to 2 score.

Cumby got a two-run single in the first inning, and scored James Finley with a fielder's choice in the third while Western's Bill Stroube limited Hamlin to seven hits.

Hamlin's Jimmy Inzer homered in the second with nobody on. In the fourth frame Hamlin's Dan Newberry also banged a home run when nobody was on base again.

Butch Holland, pitching for Hamlin, allowed six hits and struck out six men. Stroube gave up seven hits and fanned seven local boys.

## VA Teacher to Go to State Meet at Dallas

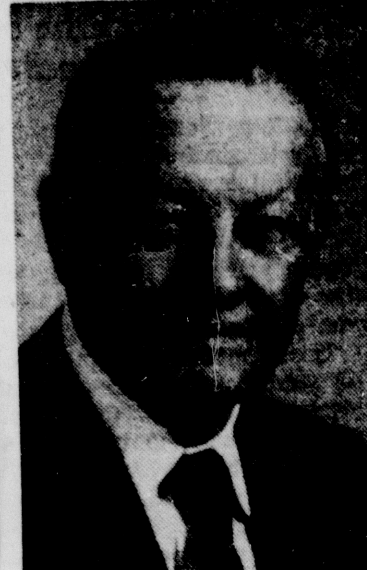

T. C. Blankinship, vocational agriculture teacher at Hamlin High School, will leave Sunday for Dallas, where he will attend a state meeting of vocational teachers of Texas.

He will be joined by Weldon Holbrook and Brad Rowland of Stamford, Jerald Proctor of Avoca and J. F. Dozier and Larry Dooley of Anson, all VA teachers of the other schools of the county.

The conferences will begin Monday and continue through Friday. Outstanding speakers are scheduled to appear on the five-day series of programs.

SPECIAL SPEAKERS at the District 17 Baptist Encampment, scheduled next Monday at the Leuders Baptist encampment grounds, will be the nationally famous leaders above. They are (left) Dr. C. C. Warren of Charlotte, North Carolina, past president of the Southern Baptist Convention and director of the movement to establish 30,000 new Baptist missions and churches by 1964; and Senator Josh Lee, former United States Senator from Oklahoma. Numbers of Hamlin area men are scheduled to attend the afternoon and evening sessions of the gathering.

Johnson gave a resume of the camp, a 127,000-acre ranch that was presented to the Boy Scouts of America in 1949, along with revenue from Phil Tower in Tulsa, Oklahoma, by Arthur Phillips, Oklahoma oil man. More than 13,000 boys from all parts of the nation will have summer camps in the ranch area this year, Johnson said. He traced the ranch's history from the days of the Indians to the present time.

## 4-H Club Boys of County Go to Camp Near Buffalo Gap

Eleven Jones County 4-H Club boys attended the Extension District 3 boys' camp at Buffalo Gap on Wednesday, Thursday and Friday of last week. The club boys participated in several study courses such as 4-H records, livestock production, first aid and

## MIDLAND VISITORS.

Mr. and Mrs. Charlie Ward and wee son, Dale, of Midland, returned home after spending several days with Mrs. Ward's mother, Mrs. Marjorie Griffin, and Mr. and Mrs. F. M. Crow.

safety, entomology and others. Recreation included washers, baseball, horse-shoes and swimming.

One hundred and eighty 4-H Club members, county agents and adult leaders from the 22-county area representing the district attended the annual affair.

County Agent Kirby Clayton and Adult Leader Woodrow Bagley accompanied the Jones County group. Boys attending were Richie Cox, Jimmy Sasser, Terry Touchstone, Phillip Newsum, Ronnie Bagley, Larry Grimm, Carl Wade, Grady Reed, Johnny Riddle, Gary Cauble and Donnie Spraberry.

It's true love when he can't help saying silly things that don't sound silly to her.

## Senior Boy Scouts Tell Lions Group About Camp Tour

Nine of the 11 Hamlin senior Boy Scouts who recently attended a two-week stretch of outdoor camping at Philmont Boy Scout Ranch in Northeastern New Mexico, and their leader, Weldon Johnson, provided the program feature at the weekly luncheon meeting of Hamlin Lions Club last Tuesday noon at the oil mill guest house.

Johnson gave a resume of the camp, a 127,000-acre ranch that was presented to the Boy Scouts of America in 1949, along with revenue from Phil Tower in Tulsa, Oklahoma, by Arthur Phillips, Oklahoma oil man. More than 13,000 boys from all parts of the nation will have summer camps in the ranch area this year, Johnson said. He traced the ranch's history from the days of the Indians to the present time.

Appearing on the program and presenting various phases of the several days portable camping tour were Ray Johnson Jr., Jerry Smith, Jerry Duncan, Bill Richey, Henry O'Neal, Jimmy Shivers, Bob Johnson, Santana Contreras and John Ferguson.

Besides Weldon Johnson and the senior Boy Scouts, another guest at the luncheon meeting was Gene Spurgin Jr. of Anson.

Johnson pointed out that the Hamlin Lions Club has sponsored a Boy Scout troop in Hamlin for many years.

"Good heavens!" cried Whistler when he saw his mother on her knees washing the floor, "have you gone off your rocker?"

# Thanks Voters

I am most humbly grateful for the fine support given me Saturday by the voters of Jones County in my race for District Clerk.

I want to thank all of the people of Jones County for the many courtesies shown me during the campaign, and I especially want to thank my opponents for the fine spirit of friendship they exhibited.

I will make an effort to contact each voter in the county during the next three weeks.

I am a candidate for the office of District Clerk in the Run-off Primary on August 23, and again I solicit the support of the voters of Jones County.

Sincerely,

**W. O. {Mac} McGINNIS**

## "Do I Have to Suffer All My Life Just Because I'm a Woman?"

Not today, women don't have to bear a special cross of agony! Girl or grandma, a special tablet can bring blessed relief from "female miseries"! "Female suffering" need never occur again for most women—not at any age! You can be free from the misery young and old used to dread! With Pinkham's Tablets you can have wonderful relief all through your life! Pinkham's unique formula was developed especially for women's ailments. Includes blood-building iron! In doctors' tests, 3 out of 4 didn't suffer monthly cramps, backaches. Later during change-of-life, "hot flashes" subside. Even after menopause, Pinkham's Tablets help build strength-giving blood! Get amazing Lydia E. Pinkham's Tablets from druggist. Take them daily for the benefits you can get all through your life!

## TO THE VOTERS OF JONES COUNTY . . .

Thanks to each of you for giving me the leading number of votes for District Clerk in last Saturday's election.

Thanks to each of my opponents for a good clean race.

I will try to see each of you personally before the second Primary Election on August 23, but should I fail, please accept this as an earnest solicitation of your vote.

Sincerely,

**W.L. Poochey McDonald**

## THANKS TO YOU, FRIENDS . . .

I am humbly grateful for the opportunity to serve the people of the 85th Legislative District of Texas as your Representative.

I want my friends and supporters and worked in my behalf to know they have my heart-felt gratitude. I shall always be grateful for the fine vote I received and the many courtesies shown me during the campaign.

Again I pledge myself to serve you to the very best of my ability.

**LEON THURMAN.**

# THANK YOU!

I wish to thank all of the people of Jones County for the fine vote given me in the First Democratic Primary. I am very grateful for all the courtesies shown and the many favors I received during the campaign.

I enjoyed meeting old friends and it was a pleasure to make new friends.

It is my desire to see each of you personally before the Second Primary, but please take this as a personal solicitation of your vote and influence. If you see fit to re-elect me, I will ever be grateful and will continue to serve you in an efficient and courteous manner.

Sincerely,

**Gene Spurgin Jr.**

## Final Area Cotton Insect Short Course Shows Record Low Pest Infestations

Final two cotton insect short course meetings of the Hamlin community were combined and held Monday under the supervision of T. C. Blankinship, Hamlin High School vocational agriculture instructor.

Due to the very low count of insects found upon inspection of several local cotton fields, the insect problems did not seem to justify the fourth full meeting. Blankinship said. This fact of no insect worry at present among the group of farmers perhaps was well expressed by one farmer who remarked, "I've been looking up for rain clouds so much lately I haven't had time to look down for cotton bugs."

At F. M. Matchett's cotton field north of Hamlin, H. A. Turney, A. & M. entomologist, gave useful advice and demonstrations to an interested group of farmers. Matchett furnished his tractor and spray equipment.

Turney told and showed the farmers how to first fill the spray tank completely full of clean water; drive over sufficient area for one acre. Correct gallons of liquid output is easily found by measuring amount of water need-

ed to again completely fill the tank. Then the gallons of tank capacity divided by gallons of output by the spray machine would show the number of acres that could be sprayed with one tank of spray. Then, by following the "Texas Guide for Controlling Cotton Insects" the correct amount of recommended insecticide can be added.

Turney said that spray pressure should be 60 pounds and tractor speed about four to four and one-half miles per hour for best results. Effective spraying can be done when the air is calm and up to not over 12 miles per hour wind.

Dust should not be applied when wind is above five miles per hour. If spraying, four to eight gallons of water is recommended per acre. Water is only the carrier which spreads the poison over the plant in killing insects, and it was pointed out that only a sufficient amount of water is necessary to completely cover the plants. One precaution, however, is that under four gallons per acre may make concentration of poison so high as to injure the cotton plants by slight or serious burns.

Turney also gave very important

## "Adam and Eve" Is Epic Film Playing at Drive-In Four Days

Filmed in the flesh and glorious Eastman color, "Adam and Eve," which plays four days at the Hamlin Drive-In Theater beginning Saturday, explodes on the motion picture screen in the first true and natural portrayal of man's creation.

Never before has the screen attempted to reveal the creation of man and woman, yet Producer-Director Albert Gout vividly portrays the creation in his full length color production.

You will experience with Adam the first awareness of Eve as a woman.

Artistically treated with love and intelligence, "Adam and Eve" visualizes the creation of the world and its two first human beings. It dares to tell the story of their first living moments and what happens when they eat the forbidden fruit.

Christiane Martel, Miss Universe and Miss France of 1952, one of the world's most beautiful women, portrays the difficult role of Eve with a remarkable insight into a woman's passion, desire and her need for fulfillment.

Starring as Adam is Carlos Baena, who gives an inspired portrayal of the first man and his growing awareness of the delights of nature and Eve.

## Lone Ranger Slated To Appear in Film at Both Hamlin Theaters

The Lone Ranger, who started his entertainment and law enforcement career on radio back in 1933, then became a television pioneer in 1949, makes this his biggest year ever, in commemoration of the twenty-fifth anniversary of "The Lone Ranger" show.

This is the year the famed masked lawman will be seen on the screen of thousands of movie houses all over the nation in the Jack Wrather production, "The Lone Ranger and the Lost City of Gold," a full length feature film in Eastman color. The picture plays Thursday and Friday at both the Ferguson and Hamlin Drive-In Theaters.

The entire company was transported by chartered planes to Tucson, Arizona, where for three weeks they filmed the picture against many of the most spectacularly beautiful backgrounds in the great Southwest.

Douglas Kennedy and Charles Watts are featured in the picture assisted by Noreen Nash, Lisa Montell, Ralph Moody, Norman Frederic, John Miljan, Maurice Jara, Bill Henry and Lane Bradford.

PLENTY OF PUNCH is provided your ad in the classified columns.

## Freight Carloadings For Santa Fe Climb

Freight carloadings for the Santa Fe Railway System for the week ending July 19, 1958, were 23,958 compared with 26,066 for the same week a year ago, reflecting a continuing gain in recent week. Cars received from connections totaled 8,951 compared with 10,511 for the same week in 1957.

Total cars moved were 32,909 compared with 36,577 for the same week a year ago. Santa Fe handled a total of 31,342 cars in the preceding week this year.

VISITS IN OKLAHOMA. Bob Barrow returned first part of the week from McAlester, Oklahoma, where he visited with his daughter and family, Mr. and Mrs. H. C. Wheeler.

precaution for people to follow in mixing, handling and applying poisonous insecticides. He pointed out that all insecticides are killers of animals and, since man is an animal, he is subject to his own destruction if he fails to follow very closely the recommended precautions.

A complete summary by films and mounted specimens was presented by Turney upon closing the meeting.

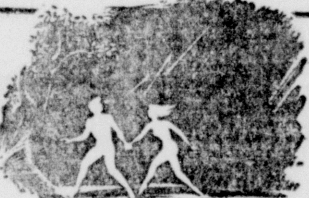

Farmers all expressed their appreciation and desire for more of this type of adult training and assistance in the future.

Blankinship asks The Herald to express the thanks of leaders and farmers to Watt Fletcher and the Hamlin Farmers Cooperative Gin for defraying expenses of the short courses at Hamlin.
